**Von Sierra Hill : One More Minute with You (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised One More Minute with You (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. "Hot rockstar-romance ahead!"Von ink.eaters book blog"One More Minute with You" by Sierra Hill is sporting an amazing cover, that just screams "hot rockstar-romance ahead!". The story follows Remy and Kenzie, both of whom have troubled pasts that haunt them in one way or another.Kenzie Daniels, who has escaped an abusive relationship and is hiding both from her poor excuse of an ex-boyfriend as well as her ignorant father, is trying to start over in Nashville -

the place where she hopes her dreams of pursuing a musical career will come true. But life in Nashville isn't all beer and skittles either, and she realizes just how tough life away from everything she knows can be - until she meets Remy Martins, songwriter, producer and recording engineer. Remy is a good-looking and slightly struggling artist, who just happens to find Kenzie to be his muse. He is determined to make her a permanent part of his life, but Kenzie's past and her inability to trust blindly hinder her from just letting go and entering a relationship with him. A journey of back-and-forths, up-and-downs, flirtatious banter and hot sex (and phew... if I say hot, I mean hot!) begins, and just as their relationship turns into so much more than simply undeniable physical need for each other, their troubled pasts collide. "Can Kenzie rely on Remy to be there when she needs him the most? Will both their dark pasts ruin their chances at a bright future?" "One More Minute With You" is a stand-alone rockstar romance, with just enough bumps to keep you interested in the relationship between Remy and Kenzie. Both of them are easy-to-like -or even love!- characters, and I really enjoyed all the character development both of them go through throughout the novel. It is an enthralling storyline, that can be recommended to anyone who likes some darkness mixed in with their rockstar romance read. While the character development definitely was the novel's strong suit, its format unfortunately was rather disappointing. The story is told from a third person point of view, which I actually tend to prefer over the first-person narrator. In this case, however, the third person point of view is limited, not omniscient, and varying between Remy's and Kenzie's side of the story. This does not happen by chapter, but, at times, seemingly randomly, which makes the novel's format a little bit chaotic - and exhausting. I personally think the story could have been a little better developed; if it was simply for the characters and the ideas, I'd love to give this read a five-star-rating. As it is, however, I will be going with 3.5/5, and am nonetheless looking forward to Sierra Hill's next novel!

Kurzbeschreibung Seattle is in the rearview mirror and Kenzie Daniels wants to start a new life to pursue her musical dreams in Nashville. But its harder than she thought trying to make it on her own with no one to rely on but herself. Until a handsome customer shows up at her table and changes the course of her future. Remy Martins wasnt looking for anything but a good time and a creative outlet when he stumbled upon Hanks Diner and discovered his muse. The moment he laid eyes on Kenzie, the beautiful waitress with a chip on her shoulder, he knew his luck had turned around. Hed been in a writing slump for months and she was the spark he needed, breathing new life into his lyrics. Now Remy is determined to have Kenzie and keep her in his life. When a chance run-in at one of his gigs has Kenzie leaning on him for support, Remy is given the opportunity to make her an offer she just cant refuse. Just as their relationship morphs into something more, fueling a deep physical need that neither of them can deny, Kenzies and Remys pasts collide - threatening to destroy their bond along the dreams theyd hoped to fulfill. Can Kenzie rely on Remy to be there when she needs him the most? Will both their dark pasts ruin their chances at a bright future?
