ber den Autor und weitere Mitwirkende Hey guys! I've always loved to read; I devoured books. Read-out the library in my hometown. So I decided to write, hoping that the story, the adventure, the fun would last just a little bit longer. And maybe for once, I wouldn't have to flip to the end of the book to see what happened before I hit page one... Guilty. (I love the Kindle, it has stopped this bad habit for me!) Writing is always a journey; it's like taking a road trip with your best friends. Sometimes you know what's going to happen-sometimes things surprise you. That's why my first book, One Week and Tomorrow, is about a road trip. So please check it out-I love sharing adventure! Please take the time to read and review and check out my blog for sneak peaks and samples!! Later, Crystal
