Spannung, Erotik, Geschichte, und ganz viele paranormale Wesen. Man muss es einfach lieben.

Kurzbeschreibung A vampire finds herself in a hair-raising situation in this Broken Hearts novel from New York Times bestselling author Michele Bardsley. Archaeologists like me, Moira Jameson, are ready for trouble. Okay, maybe not human-species-threatening trouble. Or the kind of trouble that arrives in the form of a sexy werewolf named Drake. Yeah. Werewolf. And I thought ancient curses and walking corpses were a joke. Um, not so much. Cause a walking corpse named Karn wants to reveal vampires, and all of parakind, to the humans. And everyone else thinks that's a bad idea. Then a pyramid mysteriously appears in Broken Heart, Oklahoma, and I'm appointed to get inside, survive booby traps, and awaken two very old, very hungry vampires. Luckily, Drake has my back (and my front). Unfortunately, archaeology sometimes reveals some very nasty surprises. And I'll have to decide between saving myself for saving the world.
