Von Jeffrey Archer : Only Time Will Tell: 1 (The Clifton Chronicles series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Only Time Will Tell: 1 (The Clifton Chronicles series):

Kurzbeschreibung The Clifton Chronicles is Jeffrey Archers most ambitious work in four decades as an international bestselling author. The epic tale of Harry Cliftons life begins in 1919, in the backstreets of Bristol. His father was a war hero, but it will be twenty-one tumultuous years before Harry discovers the truth about how his father really died and if, in fact, he even was his father. Only Time Will Tell takes a cast of memorable characters from the ravages of the Great War to the outbreak of the Second World War, when Harry must decide whether to take his place at Oxford, or join the fight against Hitlers Germany. In Jeffrey Archers masterful hands, you will be taken on a journey that you wont want to end, even after you turn the last page of this unforgettable yarn, because you will be faced with a dilemma that neither you, nor Harry Clifton could ever have anticipated.

Pressestimmen Praise for Only Time Will Tell Dual narrators Roger Allam and Emilia Fox do a truly wonderful job bringing the story to life Only Time Will Tell is an enjoyable and artfully done listen. If you are a fan of family sagas, or of Jeffrey Archer in general, you wont be disappointed. However, listener be warned, you will have to wait until next year for the next installment so you may want to savor this one slowly.

Abbreviated Audio An extraordinary, sweeping saga, Only Time Will Tell is an excellent addition to audiobook fiction collections. The Midwest Book [Roger Allam] is the perfect choice for this story. From the very beginning I felt a strong connection [Emelia Foxs] voice is a stark contrast, being light and pleasant. The entire audiobook seemed more like a theater production than just a reading of a book. Reading with MoBoth [Roger Allam and Emilia Fox] do an outstanding job, and I let myself listen to some sections several times just to hear their marvelous voices. The Record-Courier Archer delivers another page-turning, heart-stopping saga, with delightful twists, and a surprise ending readers will surely wait for the next with bated breath. Publishers Weekly General readers as well as Archer fans will enjoy this unforgettable tale, which abounds with cliff-hangers that propel its intriguing and intricate plot. Library Journal (starred review) What appears at the outset to be a straightforward coming-of-age tale becomes, by the end, a saga of power, betrayal, and bitter hatred. The novel ends on a deliberately dark note, setting the stage for the sequel An outstanding effort from a reliable veteran. Booklist (starred) I was utterly hooked. It was an absurdly enjoyable read.
