spitzenmigVon ElviraAbsolut empfehlenswert! Witzig, spannend, und ein wenig Love dabei - was will Frau mehr? Ich kann es kaum erwarten die nchsten Abenteuer von Stacy Justic zu lesen. Band 2 "Bloodstone" ist schon gekauft und

Nette neue BuchserieVon A.H.Stacy Ist mit Witz und Detektivarbeit - und wenig Magie - einen Kriminalfall. Stacy ist mir sympathisch und hat eine lustige Familie (ihre Grossmutter und ihre Grosstanten), die fr manche Erheiterung sorgen. Es gibt Spannung und Liebe, was will frau mehr? Am Ende gibt es eine berraschung, die im nchsten Teil der Buchreihe aufgelst wird.1 von 2 Kunden fanden die folgende Rezension hilfreich. A good start so farVon Fiona HuntI picked up this book as I loved the cover. It's a cozy kind of mystery with some magic thrown in.This is part of a series of cozy mysteries starring Stacy Justice, a witch who is a journalist and a lovely Great Dane called Thor who is her guardian angel. It starts off with her cousin (Cinnamon) bar being burnt down. Stacy investigates herself and gets into all sorts of trouble. Her boyfriend is the Chief of Police, she has a grandmother and 2 weird aunts who are witches (who help her). She finds a body and goes around investigating who the body is and what happens. Along the way people die cos of her investigation.I found this funny in parts for the way Stacy and Cinnamon were. I loved Thor as he chases or sticks up for Stacy. Can't wait to read book 2.

Kurzbeschreibung#1 Bestseller in the Kindle Store, August 2013Stacy Justice is just your average green-eyed, redheaded, twenty-something witch who would rather focus on her job as a reporter than practice the crazy magic her grandmother and great-aunts are into. She's perfectly content to spend her free time hanging with her cop boyfriend and her gassy Great Dane and helping her cousin Cinnamon run the Black Opal bar. But when the Opal goes up in flames, Stacy may need that magic after all.The blaze was arson--and Cinnamon is the prime suspect. Determined to clear her cousin's name, Stacy digs deep into the crime and makes a shocking discovery amid the rubble. It's clear someone wants her dead--and she'll have to dodge everything from angry motorists to exploding chickens to survive. It's time to dust off her so-called magic skills. But will they be there when she needs them?With its strong, sexy heroine and her razor-sharp wit, and its collection of eccentric small-town characters, Opal Fire introduces a bewitching new mystery series.Kurzbeschreibung#1 Bestseller in the Kindle Store, August 2013Stacy Justice is just your average green-eyed, redheaded, twenty-something witch who would rather focus on her job as a reporter than practice the crazy magic her grandmother and great-aunts are into.
