Stephanie Jordan WOW is all I got to say, this books pages not only flowed it was gut wrenching sadness to happiness to sadness and happiness. As tears fall down my face I keep reading than after a belly full of laughter I realized this author had me on an Emotional Rollercoaster from the beginning to the end. Brady Grant and Rachel were teenage sweethearts but one night it all came to an end. Brady wanted to serve his country so he joined the Marines he felt it was his duty. Rachel was pregnant and scared she was going to tell Brady, but what if he doesn't want her and the baby? Things went from bad to worse Brady left to serve and Rachel left town too. Now four years later Rachel gets the bad news Jimmy her son, who has been battling Acute Lymphocytic Leukemia for two year is not responding to chemotherapy he was dying. The only and last thing to try was a stem cell transplant. Rachel could not help her DNA was human, Jimmy needed his Shifter Father who didn't know he existed. I was gifted this ARC for an honest and truthful review. Awesome deep story Von Birgit Wahl Cowbear's Secret Christmas Baby is part of the Shifters in the Snow bundle. I read it first when I read this bundle but then by accident I purchased it again and did a re-read. It is a deep story about a couple who lost each other and get to get together again cause of a tragic condition. He went to war, she got a kid while he was at war. Their son got cancer and she sought the hero in this story cause he is the only one who can help the kid. This is a shifter/human story, they have to went through some very awful experiences. I purchased all the other books in this series and I'm waiting for the last installment (book 6) about the last brother I will re-read this story anytime and cry a bit and smile at the end
