Von Sherryl Woods : The Cowgirl The Unexpected Wedding (And Baby Makes Three, Book 7) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cowgirl The Unexpected Wedding (And Baby Makes Three, Book 7):

Von Ein Kunde Sherryl Woods progresses the Adams' family bloodline into The Next Generation series of Baby Makes Three. In romance novels it is very rare that you can come into such an in depth series of family based storylines that tie generations together but also give each individual novel a life of its own. You can pick up the first book or the last book and enjoy it immensely with Woods' characters and plots, but when you continue with the series you feel a sense of family, belonging, and security in the circle of life. Well written and easy to follow and enjoy, I recommend this book highly to anyone.

Kurzbeschreibung Sometimes doing the right thing isn't what you might imagine in this fan-favorite story from New York Times bestselling author Sherryl Woods Half virginal innocence, half saucy temptress, willful Lizzy Adams had long since stolen rancher Hank Robbins's heart. And then one night, passion overcame common sense and left them both with a little more than just wonderful memories and the determination to "do the right thing." For Lizzy, that meant not roping the rugged rancher into marriage. And for Hank, well what would it take to make the beloved mother-to-be his wife?
