Paranormale Serie mit viel ActionVon MerleZweites Buch der paranormalen Serie um die langlebigen Menschen mit den speziellen Begabungen in den Bereichen Kampf, Mathematik oder Sensorik.Nachdem Erin den bsartigen und

machthungrigen Leuten des Emporium entkommen ist, rettet sie ihren sterbenden Vater, indem sie ihm ihr Herz spendet. Sie kann es immer noch kaum fassen, dass ihre Freundin Justine und deren Sohn Tom sie derart verraten konnten, dass beide zu den Unbounded gehen. In den Monaten seither haben sie und ihr Bruder Jace sich in die Gemeinschaft der Renegades integriert. Erin hat die Aufgabe, eine potentielle Kandidatin und Verwandte von Stella zu bewachen und zu schützen. So erlebt sie mit, dass diese Mari Jorgenson von ihrem blen Ehemann und fremden Mnnern angegriffen und fast vergewaltigt wird. Sie kann sie in letzter Minute retten, doch Mari ist zutiefst traumatisiert und verhält sich sehr seltsam. Die Renegades unterhalten ein Labor in Mexico, wo sie versuchen dringend benötigte Heilmittel herzustellen. Als das Labor angegriffen wird und sie kein Lebenszeichen mehr erhalten, schicken sie eine Rettungsmission aus. Erneut lesen wir von den Protagonisten des ersten Buches, ein paar neue werden eingeführt. Die Geschichte ist interessant, doch geht sie für meinen Geschmack zu wenig schnell voran, ich hätte gerne mehr Hintergrundinfos. Nicht ganz nachvollziehen kann ich die Zurückhaltung von Informationen, die Erin erhält. Und die Milde dem Emporium gegenüber, so dass sie immer wieder gegen die gleichen Leute kämpfen müssen. Interessante Serie. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful sequel am impatient for the next part of this series Von kitten0bI thought that this was a great continuation to the series with twists and turns and a few new revelations made. I liked the character development and there is scope for so much more as these characters have vast amounts of time in their lives which has yet to be explored. I think the introduction of the new characters and their new talents will be interesting as the story progresses, I am hoping for new excellent foe in the next part perhaps someone unmentioned. I enjoy Keene and would like to see how the 'love' triangle progresses with Erin and Ritter and Keene too. If you loved the first then you need to read these. There were moments of sadness and realisation that life can be so short and when we die it is those we leave behind that hurt the most. Great book definitely recommend :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nette Lektüre zum Thema Urbanfantasy Von I. Fonk Nette, frische Ideen zum Thema Urbanfantasy, hat Spaß gemacht zu lesen und wird nicht das letzte Buch dieser Autorin sein, das ich lese. Habe den 2. Teil zuerst gelesen und die Charaktere waren trotzdem verständlich.

Kurzbeschreibung Even When You CHANGE, Some Things Remain the Same . . . Erin Radkeys life has altered completely since her Change made her one of the Unbounded. Yet she has learned the hard way that some things never change. Greed. Over the centuries the long-lived Unbounded have divided into two groups, the Emporium who craves money and power and will do anything to achieve its ends, including experimenting on its own people, and the Renegades who protect humanity. Power. Now the Renegades are close to discovering a cure that will save many dying mortals, and the husband of Erin's closest friend is first in line to receive the formula. But Emporium agents will stop at nothing to destroy the cure until they realize the research might be exactly the weapon they've been searching for. Love. Erin's new abilities are tested as she and fellow Renegades fight the Emporium in a struggle that soon becomes all too personal, and where lines of loyalty are blurred by relationships of the past. Everything is at risk, including the lives of her friends and the love of Ritter Langton, the Renegade Unbounded who both infuriates and excites her. From the busy streets of Portland to the jungles of Mexico, The Cure is a page-turning urban fantasy that will keep you riveted until the end. They lived on a little farm where she loved to visit the solitary cow and collect (and juggle) the eggs, usually making it back to the house with most of them intact. On that same farm she once owned thirty-three gerbils and eighteen cats, not a good mix, as it turns out. Teyla always had her nose in a book and daydreamed about someday creating her own worlds. She is now married, mostly grown up, and has seven kids, including a one-year-old, so life at her house can be very interesting (and loud), but writing keeps her sane. She thrives on the energy, inspiration, and daily amusement offered by her children. Grabbing any snatch of free time from her hectic life, Teyla writes novels, often with a child on her lap. She loves guns, martial arts, and belly dancing. Teyla writes urban fantasy, paranormal romance, and science fiction. She also writes romance and romantic suspense under the name Rachel Branton.
