Von Isaac Asimov : The Currents of Space (Galactic Empire series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Currents of Space (Galactic Empire series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Just another AsimovVon FaT1167space adventure.....but like all the other books awesome!!! He created his own universe and if you read this books you get to be in it.it isn't different with this novel!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. Perfect Book !!Von AeralpKPerfect book definitely recommend it. However, I think it was the

worst among the Galactic Empire series of Isaac Asimov.

Kurzbeschreibung Classic science fiction adventure in the Foundation universe by grandmaster Isaac Asimov. Only one man can warn the planet Florinia that it is doomed by an astronomical catastrophe -- but he has amnesia and is a slave. High above planet Florinia, the Squires of Sark live in unimaginable wealth and comfort. Down in the eternal spring of the planet, however, the native Florinians labor ceaselessly to produce the precious kyrt that brings prosperity to their Sarkite masters. Rebellion is unthinkable and impossible. Not only do the Florinians no longer have a concept of freedom, any disruption of the vital kyrt trade would cause other planets to rise in protest, resulting in a galactic war. So the Trantorian Empire, whose grand plan is to unite all humanity in peace, prosperity, and freedom, has allowed the oppression to continue. Living among the workers of Florinia, Rik is a man without a memory or a past. He has been abducted and brainwashed. Barely able to speak or care for himself when he was found, Rik is widely regarded as a simpleton by the worker community where he lives. As his memories begin to return, however, Rik finds himself driven by a cryptic message he is determined to deliver: Everyone on Florinia is doomed. The Currents of Space are bringing destruction. But if the planet is evacuated, the power of Sark will end--so there are those who would kill the messenger. The fate of the Galaxy hangs in the balance. Pressestimmen Isaac Asimov was one of the great explainers of the age... It will never be known how many practicing scientists today, in how many countries, owe their initial inspiration to a book, article, or short story by Isaac Asimov. Carl Sagan `Asimov displayed one of the most dynamic imaginations in science fiction. Daily Telegraph `Asimov's career was one of the most formidable in science fiction. The Times
