Von Dan Brown : The Da Vinci Code: (Robert Langdon Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Da Vinci Code: (Robert Langdon Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Hier geht nur 5 Sterne !Von StarwulfAls Fan von Dan Brown Bchern komme ich hier an 5 Sternen nicht vorbei. Die 5 Dan Brown Triller der letzten Jahre besitze ich in gedruckter Form und als E-Book. Von Illuminati bin ich sogar zustzlich

noch stolzer Besitzer der illustrierten Ausgabe mit vielen Fotos der im Roman vorkommenden Schauplätze. Bei Büchern von Dan Brown, Rebecca Gable und Ken Follett kann ich es nicht unter 5 Sternen. Diese drei zählen zu meinen Lieblingsautoren und setzen für mich den Maximalmastab bei Bewertungen. Heute hat auch der Verlag des Buches und 5 Sterne verdient, da ein solches Superbuch kostenlos zur Verfügung gestellt wird. Obwohl es mir nichts bringt weil ich die Bücher schon habe, vielen Dank an . He Leute, wer das Buch nicht hat sollte schnell zugreifen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr stark! Von Falke Mein dritter Teil mit Robert Langdon. Auch hier geht es um Verschwörung, Weltuntergang, Geheimgesellschaften und Mythologie. Ein klassischer Dan Brown. Wenn man seinen Stil mag ebenfalls ein absolutes Muss, auch wenn der Anfang nicht so rasant ist, wie es Inferno oder Illuminati waren. Dafür ist zum Ende hin wieder Vollgas angesagt! Kleines Manko: Die Musik auf dem Hörbuch ist schon sehr nervig..1 von 1 Kunden fanden die folgende Rezension hilfreich. Sakrileg Von R. W. Ungemein spannend. Auch deshalb, weil das Ende doch ganz anders ist, als man erwartet/gewünscht/befürchtet? je nach persönlicher Erfahrung und Einstellung. Ich habe das Buch aber selbst zwischendurch bei der Tagesschau nicht beiseite gestellt.

Kurzbeschreibung*INCLUDES AN EXTRACT FROM ORIGIN, THE NEW THRILLER BY DAN BROWN: OUT NOW*-----Harvard professor Robert Langdon receives an urgent late-night phone call while on business in Paris: the elderly curator of the Louvre has been brutally murdered inside the museum. Alongside the body, police have found a series of baffling codes. As Langdon and a gifted French cryptologist, Sophie Neveu, begin to sort through the bizarre riddles, they are stunned to find a trail that leads to the works of Leonardo Da Vinci - and suggests the answer to a mystery that stretches deep into the vault of history. Unless Langdon and Neveu can decipher the labyrinthine code and quickly assemble the pieces of the puzzle, a stunning historical truth will be lost forever....de With The Da Vinci Code, Dan Brown masterfully concocts an intelligent and lucid thriller that marries the gusto of an international murder mystery with a collection of fascinating esoterica culled from 2,000 years of Western history. A murder in the silent after-hours halls of the Louvre museum reveals a sinister plot to uncover a secret that has been protected by a clandestine society since the days of Christ. The victim is a high-ranking agent of this ancient society who, in the moments before his death, manages to leave gruesome clues at the scene that only his granddaughter, noted cryptographer Sophie Neveu, and Robert Langdon, a famed symbologist, can untangle. The duo become both suspects and detectives searching not only for Neveu's grandfather's murderer, but also the stunning secret of the ages he was charged to protect. Mere steps ahead of the authorities and the deadly competition, the mystery leads Neveu and Langdon on a breathless flight through France, England and history itself. Brown has created a page-turning thriller that also provides an amazing interpretation of Western history. Brown's hero and heroine embark on a lofty and intriguing exploration of some of Western culture's greatest mysteries--from the nature of the Mona Lisa's smile to the secret of the Holy Grail. Though some will quibble with the veracity of Brown's conjectures, therein lies the fun. The Da Vinci Code is an enthralling read that provides rich food for thought. --Jeremy Pugh, .com.co.uk With The Da Vinci Code, Dan Brown masterfully concocts an intelligent and lucid thriller that marries the gusto of an international murder mystery with a collection of fascinating esoterica culled from 2,000 years of Western history.
