Von Barbara Michaels : The Dancing Floor before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dancing Floor:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. hated it!Von Kelly L. MartinI have enjoyed many of her novels but this has to been the all time worst! After I finished it, I

literally threw this thing across the room because I was so disgusted and vowed to never read another novel of hers. There was so much she could have done with this story but didn't. So many areas she could have elaborated on to make it more mysterious and interesting. She decided to spend most of her time talking about the meals the heroine ate....constant discussion of the food. And the food wasn't that interesting, believe me. It made me very, very sad to read this book. I loved *Ammie Come Home*, and many others but this was truly bad. Sorry Barbara, but stop writing these if you truly are tired of the genre, as I have read that you are. 0 von 0 Kunden fanden die folgende Rezension hilfreich. An unbelievable heroine and just plain awful prose. Von Ein Kunde I'm a big fan of Barbara Michaels (and her Elizabeth Peters mysteries too), but this book was a major disappointment. I read it twice, several months apart, to determine whether I might have been mistaken the first time, but it was just as awful the second time. I applaud her sentiments in creating a heroine who is not gorgeous, but she goes too far--Heather is portrayed as genuinely unattractive, making the subsequent romantic stuff unbelievable. And the prose is leaden; the plot dull and warmed over (how many times do we want to read this witchery stuff rehashed?); the premise (Heather being welcomed into the family for no other reason than her name) implausible. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Intriguing to the very end Von Ein Kunde Barbara Michaels is the rare author who is able to make her characters have the appearance of regular, normal people who end up in strange circumstances. She draws us into the mystery and you can count on strange twists and turns in the plot throughout the story. I think what I like best about this story is it is not about sex, however the underlying currents of attraction make her writing real and we know what the characters feel without pages of it spelled out to us - finally an author who realizes we have an imagination too! I love a well told story and this is one that won't leave the reader disappointed.

Kurzbeschreibung For years, Heather Tradescant had dreamed of the journey she and her father would take to England--a pilgrimage to the great gardens of history. Now that her father is dead, Heather is determined to fulfill his dreams. Unfortunately, her request to see the fabled 17th-century garden of Troytan House is denied by the owner. Though unwelcome, she braves the walls of briars and reaches the Victorian manor house beyond. She senses a strange mission of evil lurking, tainting the manor's peaceful beauty. Only then does Heather begin to wonder whether it is only stories of long-vanished witchcraft that haunt Troytan House or whether there is some more modern horror, hearer at hand, and far, far more dangerous. Continuing in the classic tradition she established with such acclaimed novels of suspense as *Stitches in Time*, *Vanish with the Rose*, and *House of Stone*, New York Times bestselling author Barbara Michaels has penned a chilling tale that will keep you reading until the last page. Kurzbeschreibung For years, Heather Tradescant had dreamed of the journey she and her father would take to England--a pilgrimage to the great gardens of history. Now that her father is dead, Heather is determined to fulfill his dreams. Unfortunately, her request to see the fabled 17th-century garden of Troytan House is denied by the owner.
