Street:

Kurzbeschreibung With her trademark sensuality and dazzling storytelling, Julia London brings us the Rogues of Regent Street, three dashing, aristocratic gentlemen whose scandalous exploits are the talk of the ton. Adrian Spence, Earl of Albright, has earned his notoriety on the dueling field, and in the finest drawing rooms and boudoirs of England. This is his story.... It was strictly business as Adrian Spence claimed the woman his brother desired. A hasty wedding, and Lilliana Dashell was his sweet revenge on the father who disinherited him and the brother who let it happen. Their wedding night is a revelation as passionate, innocent Lilliana ignites fires Adrian tries desperately to deny. By day he is a stranger. By night he is the lover of her dreams, and she a shameless wanton in his arms. But Adrian is determined that no woman will ever possess him. And Lilliana knows that her only hope of taming this very dangerous gentleman is to unlock his deepest mysteries and open his shuttered heart to love.... From the Paperback edition. From Publishers Weekly Romance author London (Wicked Angel) launches the three-book Rogues of Regent Street series with this tale of revenge and redemption set in 1834 England. Following a tragic duel, Adrian Spence, the Earl of Albright, is rejected by the harsh father he has always sought to please. In retaliation, Adrian enters a whirlwind courtship and weds the woman sought after by his younger brother, Benedict, who is his father's favorite. It's a fateful choice, both for the earl and for his naive, high-spirited bride, Lilliana Dashell. Although passion blooms between them, Adrian seems incapable of expressing love, and the marriage soon hits rocky ground. Benedict does his best to come between the pair, and old secrets haunt Adrian as he charts a self-destructive course. Although the reader may grow impatient with the pair's stubborn refusal to communicate, London deftly builds emotional intensity and maintains an underlying mystery that keeps the story humming.
