**Von Linda Barlow : The Dangerous Hero (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dangerous Hero (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved Stephen!Von NinaTHE DANGEROUS HERO is the second book Ive read written by Linda Barlow and I absolutely loved it. Her storyline is witty, her characters well developed, charming and believable, it is hard to not fall for them.This is Stephen Silkwood and Viola Bennetts story. It is a story about second chances and about trust, placed in a well-thought-out and authentic BDSM setting.Stephen is an author of successful historic novels with an unusually

brutal and despicable hero. People love the books nonetheless, but how much of the features of his main character does Stephen harbor himself? Viola is a literary professor, teaching at a college. She just divorced her abusive husband and is still trying to rebuild her trust in men again. Stephen, who broke her heart nine years ago when she was barely an adult, with his violent books is a perfect outlet for her with her scathing reviews. Never would she have thought to meet him ever again, but they do, at a panel at her college where they both are invited as guests. Should she be relieved or devastated that Stephen does not seem to recognize her? But despite not being recognized, the sparks still fly mutually. When Stephen's memory finally sets back in he is more determined than ever before: He has to have this woman, he wants his second chance with her to prove that she is the one. He was dominant before, 9 years ago, but today he has perfected his BDSM lifestyle. Only can Viola accept this lifestyle, including his very own dungeon? Moreover, is she able to separate Stephen from his sadistic hero and from her abusive ex-husband? I think Stephen has to be my favorite Dom to date. He is sweet, unbelievably caring and knows that patience, respect and trust are crucial for his lifestyle and, most importantly, he also knows how to introduce a newbie to the lifestyle without scaring her away especially given her tragic and violent past. But when he flips the switch and goes into full Dom mode, embracing his darker side he's all hot, sexy and dominant alpha male! If I could I would definitely swap places with Viola! A highly erotic romance with a slow and natural-felt introduction into the BDSM world, that I really enjoyed reading. Entertaining and delightful, peppered with darker themes.

Kurzbeschreibung I want it all. Whips and chains. Hearts and kisses. Viola was the first woman I ever tied up. We had one of those brief but intense summer romances. OK, so I screwed that up. But now, years later, I've got a second chance. The thing is, she doesn't trust me. I write novels about a brutal spymaster whose craving for blood is insatiable. My hero is fictional, but she can't help wondering what he and I might have in common. I don't mean to frighten her. But hey, I want it all. Whips and chains. Hearts and kisses. I'm looking for that special partner--somebody to master, somebody to love. The door to my playroom is open. It's up to her to walk in. The Dangerous Hero is a contemporary romance novel by New York Times and USA Today bestselling author and Rita Award Winner, Linda Barlow.
