**Von Sabrina Jeffries : The Dangerous Lord (The Lord Trilogy)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dangerous Lord (The Lord Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. Great Read - From Cover to Cover!Von TinaWhat a great book! My friend lent me this book and while I had never read any

of Ms. Jeffries work before, I figured why not? Why not indeed! What a talent she is and what a wonderfully funny, sexy and intricate tale she has woven. The two main characters, Ian and Felicity, are great together. What starts out as a battle of wills between the mysterious "Lord X" and her most recent target of gossip, Viscount St. Clair, soon turns into the Viscount's cautious courting of the reluctant gossip columnist. In turn Felicity (aka Lord X) wants to know all the secrets of Ian's past, most importantly of the 6 years he's been mysteriously missing from England that no one seems to know the details of. Ian is determined to keep his secrets AND have Felicity as his wife and the courtship is an interesting one - to say the least! I also liked the fact that Felicity was a strong female character and Ian wasn't your typical chauvinistic and egotistical male that you tend to find in some romances.

Have to love her Heroes Von Shawna Lanne If you like to fall in love with your heroes laugh aloud when you read a romance and not be kept up all night reading this book is for you. Sabrina Jeffries has found a perfect match for the notorious Ian Lennard with gossip columnist Felicity Taylor. They are well matched in temperament, intelligence and in their loyalty to their families. It was an interesting. There is enough conflict to make the story line interesting and not so much that your left wondering why they ever got together. This book is a great Sunday afternoon read.

Enjoyable and light Regency romance Von Helen Hancox For those who like Regency romances of the ilk that abound on bookshelves, 'The Dangerous Lord' is satisfying. The story of a mysterious viscount with a murky past clashing swords (figuratively, fortunately) with a hard-up young spinster is nothing new. Neither are any of the situations, settings, behaviours or conclusions of the book. Still it's an enjoyable and easy read with two endearing characters, a host of side-characters who are also good (evidently there have been previous novels in this group, although I hadn't read them and that didn't seem to matter) and a few minor mysteries to bring to light.

For those who like serious Regencies with great historicity (such as those by Georgette Heyer, Laura Kinsale and, to some extent, Mary Balogh) this book isn't for you. Like most Regencies published today our characters speak American English, behave far too freely and unguardedly (in this book people are on first-name terms very quickly with people they've just met) and talk about their feelings in a most un-British way. You're really reading a modern love story set in a different time and era which gives it a little more piquancy - and gives the whole concept of honour and ruin more force - but doesn't really feel fully at home in that era. As in most of these books there's a Big Misunderstanding. It's actually a rather annoying Big Misunderstanding as Felicity, our heroine, seems to disbelieve something Ian the viscount has told her multiple times whereas she believes other things about him when their truth becomes apparent. It's sort-of necessary for the plot but wasn't entirely convincing to me. Then when the really big dark secret comes out - one that I think was actually fairly significant - she's so in love she just brushes it off. Surprising, but there you go.

There's a side theme of a secret society writer commenting on events which was very reminiscent of Julia Quinn's 'Lady Whistledown' in her Bridgerton series. As I mentioned before, there's nothing new in this novel, but for those who don't ask for strong historical accuracy and really deep characters this is a perfectly acceptable read. It's not a keeper for me but I enjoyed it.

Kurzbeschreibung He was a dangerous man to love and the last man she thought she'd marry. To prevent a dear friend from wedding the notorious Ian Lennard, Viscount St. Clair, Felicity Taylor set out to expose him for the scoundrel he is never anticipating the consequences. Because now the dashing, dangerous lord is short a bride, in desperate need of an heir . . . and has set his sights on Felicity! Ian is indeed looking for a wife to secure his fortune, but this saucy, stubborn beauty might be more than he can handle. Never one to shy from a challenge and enchanted by a face and form that could bring the most indifferent husband to his knees suddenly Ian is about to discover the one thing more perilous than wedding vows: actually falling in love with his bride!

Pressestimmen "One luscious romance filled with sensuous moments that will make your heart beat a little faster." The Oakland Press, MI
