DangerousVon coco1002Poor Alex, it starts off as a simple lie, if there is such a thing as a 'simple' lie and becomes like a boulder careering down a mountainside. Alex's life is now spiralling out of his control. A fast and enjoyable read.

KurzbeschreibungAlex Wagner is a young professional with almost everything great looks, a bright career future, money. He lacks only one thing: a serious love interest. His girlfriends are always very attractive but they never last more than a few months. This doesnt bother Alex. Hes content to play the field as a carefree bachelor. But Alexs

parents would like to see their son settle down. So what can a loving mother do, if she expects to enjoy grandchildren? Heres Alexs mother on her attempts to help: Occasionally, if I meet a girl I think would be right, Ill arrange for him to meet her, hoping he will see how she might be a better match than the type he keeps choosing on his own. I dont mean to try to control him. I just hope to suggest a few good options. His mothers good options make Alex feel like hes living in a foreign country where arranged marriages are the norm, and each time his mother plays matchmaker, hes left with the task of breaking up with the arranged match. So when his mother finds yet another candidate who would be just perfect for him, Alex takes the easy way out. To avoid the issue he invents a fake fiancée he can keep in the background and eventually allow to fade away gracefully. But Alexs parents are overjoyed by this announcement that their son has found his true love at last, and they want to meet the new future daughter-in-law immediately. So Alex is faced with the uncomfortable choice of admitting his lie or producing a real temporary stand-in fiancée. It seemed like such a good plan. . . but soon consequences start to arise that Alex could not have foreseen.
