KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. One of the best seriesVon Little MThe way the Story is written, every Book telling the Story of another Vampire while the whole series Teller the complete Story, reminds me of the "black dagger brotherhood series"-which is just perfect, because i really love these books. Zanetti's vampires mate for eternity. Thats One reason i started with this series because im so tired of all these silly love tiangles, that are probably meant to keep the book entertaining but for me they are just horrible. While there is the big background story about the war with the bad guys every single Book contains the story about one vampire and his mate. And all the stories lead to the final book, when the little girl, introduced in the first book and always appearing through the stories, gets her own story. The only thing i didnt always like was that every woman fought the mating (except sarah) although they knew it was the right thing to Do and that they were loved . so, if you like fantasy romance without the childish problems...here you go!!
