I am not so sureVon PierschkaThis book was anticipated with high expectations, I will admit that. I wasn't exactly disappointed, but wasn't Top excited, either. The story seemed very constructed. I liked the twists and turns and the

characters just fine. But. Somehow the story did not really pull me in. Too bad.3 von 3 Kunden fanden die folgende Rezension hilfreich. Not very fast-paced and disappointing plot (ending)Von recoletaThe story developed a bit too slow for me. There was not enough tension and it was a bit too "cheesy". Also, the characters were too black/white for my taste, and the protagonist was a bit too much of a victim type of person. Furthermore, I thought the secret (or twist) was a bit cheap. It was one of those stories where you thought in the end 'Aha, so that's it... Well okay...'. I wouldn't recommend it to anyone who is looking for a suspense story (as I was) but rather to readers who are in the mood for a light romance.0 von 0 Kunden fanden die folgende Rezension hilfreich. Read in one go, but not super-remarkableVon Sine causal found this book okay. I didn't like that you're kept in suspense about Kate's past. That kind of 'big mystery' that's held off until the end of the story always seems kind of fake to me, as if the author wasn't sure her readers would continue reading without it. I couldn't really relate to any of the characters. They seem nice, but none of them is the kind of person I would want to go out for a coffee with.Nonetheless I can't deny I read this book pretty much in one go. Hence four stars.

KurzbeschreibungAnnie has a secret. But if she's not going to tell, we won't either. It's a heart-breaking secret she wishes she didn't have - yet Annie isn't broken, not quite yet. Especially now there's someone who seems determined to fix her. Kate has run away. But she's not going to tell us why - that would defeat the point of running, wouldn't it? It's proving difficult to reinvent herself, however, with one person always on her mind.Scratch beneath the surface and nobody is really who they seem. Even Annie and Kate aren't entirely sure who they are any more.PressestimmenWhat a book! Fabulous characters, dark secrets and a clever, compulsive plot that will take you completely by surprise.
