Kundenrezensionen Hilfreichste Kundenrezensionen 4 von 4 Kunden fanden die folgende Rezension hilfreich. Jugendbuch Von Videye Um es direkt vorweg zu sagen. Fr erwachsene Leser ist diese Serie wohl kaum etwas. Ich schreibe das schon prophylaktisch, da ich mich noch nicht ganz durch den Stoff qulen wollte/konnte. Behlt man das im

Hinterkopf, scheinen die Bücher mir auch in Ordnung, gerade auch für den Preis. Die Titel verheizen aber eigentlich: Mehr Action, mehr Spannung, weniger infantile Teenager. Sowohl der Schreibstil als auch die inhaltliche Umsetzung des durchaus sehr interessanten Ansatzes lassen bei mir keine Spannung aufkommen. Mich hat zudem das Rumreiten auf dem nerdigen Teenagerdasein des Protagonisten einfach nur ermdet. Ist schon schlecht, wenn ich mich mit der Hauptfigur gar nicht identifizieren kann. Auffällig ist auch, dass es scheinbar nur lokale Sozialstrukturen beim Autor gibt. Das Thema, was eigentlich weltumwandelndes Potenzial hat, wird irgendwie zum Kleinstadtproblem, wenn gerade der Entwickler des Ganzen (Papa) punktlich zum Abendessen zuhause ist, hat das manchmal was von unlogischer Vorstadtidylle. Fazit: - Als Jugendbuch ok - Mir gefällt es nicht - Spannung baut sich bei mir nicht auf - Preis ist echt fair

The Death series tells us the story of a world where teenagers develop certain abilities (like firestarting, communicating with the dead, feeling the emotions of others, etc.). Unfortunately some abilities are more dangerous than others and some are exploited by the government or other people. Especially controlling the dead is interesting for the government (as they would be in power of "Zombies" or could control dead politicians). Caleb is special. He is a "cadaver manipulator" (or necromancer, or simply said, someone who can call and control the dead) with a 5 out of a scale from 1 - 5. Very rare, very powerful. Soon, the government tries to contact and recruit him, and when he refuses, he learns an odd part of his ability, that some of "his" zombies are loyal and come to help even when he didn't call them! Together with his friends they simply try to lead a normal teenager life, spend time together, chill, and get into more problems they could every have imagined. They have to defend themselves against other malicious teens, a crazy serial murder, and let's not forget about the government. 5 stars, and as an adult I absolutely LOVED the books. The characters are vividly drawn and you feel like you ARE in the story and not just a reader. The guys are hilarious and the girls are the very much needed balance, but strong in their own way. I loved the zombies, and it was very exciting each time when Caleb called to them. Would strongly recommend it and will definitely re-read the books sometime!

Nicht nur reine Fantasy prägt dieses Buch, sondern auch ein wissenschaftlicher Hintergrund ist gegeben, der eine, zugegeben, merkwürdige und vielleicht ein wenig dystere Zukunft beschreibt. Durch Impfungen werden versteckte Talente in den Genen freigesetzt und jedes Kind möchte eins haben - nur nicht die Nekromantenfähigkeit, denn der letzte, der sie hatte und sehr gut darin war und Leichen aufstehen lie, ist verschwunden. Wie es das Schicksal so will, hat der Hauptcharakter genau diese Fähigkeit. Und während er versucht, dieses Talent zu verheimlichen, werden er und seine Freunde in den allgemeinen Trubel des Schulalltags hineingezogen - immer mal wieder gemobbt, berfallen, verprügelt... Ein großartiges Buch über Freundschaft, Erwachsenwerden und das Bewältigen von Dingen, die den Jugendlichen schnell über den Kopf zu wachsen scheinen...
