Von Lynsay Sands : The Deed before purchasing it in order to gage whether or not it would be worth my time, and all praised The Deed:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Wie immer ein Vergngen!Von ArianeThis book was, like every other book of Lynsay Sands (and I read nearly every

book), so much fun to read. You'll feel with Emma. You'll nearly die of embarrassment when she petitions the king. The plot is funny and you'll have a hard time to stop reading. I think, I didn't stop... The story goes along quickly and both characters are very likable. There are romantic moments and you'll laugh very much. Synopsis: Emma petitions the King, because her husband doesn't share her bed. Along the way you'll see that she is very innocent concerning the marital bed. Her husband has to pay a penalty if he's neglecting his duty any longer, but on his way home he dies and she's betrothed to a knight without land. He's expecting an old hag after all the talk on court about her complain and in the beginning everything goes wrong. They have some misunderstandings and Emma's innocence is a funny thing to witness. Along the way they are threatened by the aunt of Emma's late husband, and Emma's showing brains escaping her evil clutches. It's so very much fun to read and I don't want to take the fun out of the storyline, so I'll stop here. btw. I think Emma's cousin will be seen as a minor character in "The Key" 3 von 12 Kunden fanden die folgende Rezension hilfreich. Lynsay's debut into Romance was a knockout!! Von Deborah Macgillivray When this book came out, I was running a bookstore that found 75% of its monthly income came from romance readers. I received the poster about three months before its release and put it up on the wall - and sold dozens and dozens on preorder because of the poster. This was unusual since most of my regulars bought by authors they knew. I feared there would be a mass groan when they did not like this author that was totally unknown. Well, it was completely the opposite. They bought because of the cover, but everyone one of them came back and demanded to buy everything she had written. We had a lot of snarls, when they were told this was her first book, so we would have to wait until she wrote more. And she has been writing SUPER books ever since!! She gives you lovely, tender romances... but also, laughter so hard it brings tears to your eyes. Very few writers can move me to laugh out loud and Lynsay always does!! There is no writer like her today in the romance field, though I now see many trying to copy her. But her Emmaline and Amaury are gems. Her characters are engaging, charming and intelligent, but that does not mean they cannot find them in wildly humorous situations. I shall not spoil the fun about "the deed".... but leave the sheer pleasure for you to discover!! 10 von 0 Kunden fanden die folgende Rezension hilfreich. Mrs Sands first book, a nice historical romance Von Magritte The Deed is the first book in a series of medieval historical romance 3 all of which can be read separately or one after the other. The Deed (Historical Romances) The Key The Chase: The Deed Series, Book 3 Emmaline has been married since 2 years, but has never been touched by her husband, he even avoids her entirely. Therefore she petitions the king and asks for help, her husband dies however before the king does anything. Now the brother in law and her mother in law want to get hold on her husband's lands. To protect her, the king orders Amaury de Aneford to marry her. Amaury is a bastard son of a nobleman, missing a home of his home is happy to get married to such a charming woman, which he first believed to be an old hag. Both characters are really nice and hard headed, Emma's innocence in fun Amaury's misunderstanding of female needs is sometimes annoying. The whole book is a fun and fast read; nothing very captivating, just fun, with some minor length. Note: this is Mrs Sands very first book. Enjoy the read MBTM

Kurzbeschreibung Lynsay Sands hits all the right notes. Suzanne Enoch You can't help but fall in love with Lynsay Sands! Christina Dodd Before her Argeneau vampire family paranormal romance novels made her a New York Times bestselling superstar, Lynsay Sands did The Deed. Lynsay's witty, sexy, utterly fantastic debut romance transports the reader back to Medieval England to witness the outrageous trials and temptations of a good wife whose husband unfortunately dies before he can do The Deed. The lady, left shockingly unprepared, finds herself promised to a handsome, landless knight, and misunderstandings, missteps, and (of course) passion ensue. The first of her more than thirty historical romance novels and anthologies known for their wonderfully humorous edge, The Deed is as delightful a treat for confirmed Sands fans, as well as for readers who appreciate the early novels of Julie Garwood.
