Von R.A. Salvatore : The Demon Apostle (The DemonWars Saga) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Demon Apostle (The DemonWars Saga):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A

Fantastic Finish in a Fantastic Series! Von Ein Kunde Once again the fertile imagination of R.A. Salvatore pushes the boundaries of fantasy to the breaking point. With characters that are so alive and a world that is so vivid, RAS grabs the reader by the imagination and takes them on a wonderous ride. The Demon Apostle finishes off the first Demon Wars Trilogy in grand fashion. Action, Love, Philosophy, and Political Intrigue make up what I believe to be RAS's best yet. The Demon Apostle caps off this first Demon Wars Series beautifully and opens a door to many more books set in the mystical world of gemstone magic. What struck me most about The Demon Apostle was RAS's ability to explore the human condition. He takes the reader on a such rollercoaster ride of Love, Hate, Rage and Sadness that this reader just can't wait to see what he has in store for us next! Also in the end there isn't the clear cut winner that is so often found in fantasy books today, which makes the book even more intriguing. It makes you sit back and decide... Who made out better in the end? Did the means justify the end? Who was right? RAS's portrayal of a fanatical Church is just too scary in the fact that it could (and has) happened. This aspect just adds a new dimension to RAS's writing and makes Corona an even more exciting place to visit. So if you are in the mood for true epic fantasy, grab onto R.A. Salvatore's coat-tails and hold on, because who knows where he's gonna stop! 0 von 0 Kunden fanden die folgende Rezension hilfreich. A strong conclusion to the Demon Wars Trilogy Von Ein Kunde I actually read the Demon Apostle quite some time ago, but never got around to reviewing it until now. So... To start with, I thoroughly enjoyed this book, and consider it to be the best of the series. There are a number of reasons but my main one is this; for once, the fight scenes were not in excess. I like them, don't get me wrong. But sometimes I wonder if I would miss anything if I skipped over most of them. (Well, I would miss about 1/4 of each of the previous books, but little in the way of plot) Now, all that said. This book changed all of this. The fights were there, but only when necessary. This book concentrated a lot more on the parts that I felt made the previous books good. Specifically, the politics and intrigue of the Abellican Church. There's nothing quite like a crisis of faith to make one appreciate that faith even more. One of the biggest changes in this series as opposed to earlier ones is the fact that characters aren't invincible. Even main ones. Though I won't get into any more detail than that, I will say that I really appreciate it. A part of good storytelling is making your characters mortal. Over all, this was an excellent book. I would give it 4.5 stars if I could. (Thus far, only Tolkien gets 5) Cheers, 0 von 0 Kunden fanden die folgende Rezension hilfreich. Heartfelt and depressing; very humanistic Von Ein Kunde In this final act of a three act play, Salvatore uses every ability at his disposal to see to the continuation of this line of books. Without revealing the ending of the trilogy, suffice it to say that the ending is very much like the beginning. A theme that runs through this work is that of true love /vs hedonism. When the two main characters fall into the roles of romance, there is a definitive moral message. (Hey, I guess Bob realizes he has kids who might someday read his work - if not currently.) This book is successful not because of how it ends but how the characters grow and change. Pony is definitely given more emphasis in this work (as she was in the previous one) as the character of Elbryan fades from sight. It might be said that this is a role reversal from earlier Drizzt/Catti'brie, whereas Catt became less significant (by the time -Passage To Dawn- was released.) This novel is worthy to be read without the accompanying two, but it is worth comparing against the other writings of Salvatore (outside of the Demon Wars.)

Kurzbeschreibung With the demon dactyl and its foul minions defeated, the war-weary citizens of the kingdom of Honce-the-Bear wish only to begin rebuilding their broken lives. Yet the specter of civil war haunts the ravaged land-- and a specter more fearsome still. For the demon, though defeated, was not destroyed. And now its vengeful spirit has found an unholy sanctuary. The elf-trained ranger Elbryan Wynden presses north to reclaim the savage Timberlands from retreating goblin hordes. His companion, Pony, mistress of gemstone magic, turns south to the civilized--but no less perilous--streets of Palmaris. Suddenly they find themselves caught up in a ruthless power struggle to decide the fate of all Corona--a struggle that will push their courage and love to the breaking point . . . and beyond. From the Paperback edition.. de This is the third installment of Salvatore's Demon trilogy that starts with The Demon Awakens and The Demon Spirit. Once again the demon dactyl of Corona seems defeated. Ranger Elbryan Wyndon goes north to protect the new settlers from goblins and powries, but his beloved Jilseponie returns to Palmaris. There Father Abbot Markwart is consolidating his power over Church and State with the aid of gemstone magic and the demon's power. Pony's determination to stop the evil abbots puts her and Elbryan in deadly peril, for even the king has been turned against them.. com This is the third installment of Salvatore's Demon trilogy that starts with The Demon Awakens and The Demon Spirit.
