Kurzbeschreibung THE WOMAN WHO DRIVES HIS DESIRE HAS BEEN TAUGHT TO FEAR HIM... Marik Radkov believed the only thing left from his tortured past was the physical scars that adorned his body. But when stranded on a foreign planet, and held captive by an enticing blue eyed stranger, he is forced to face his past once more. To survive, he must subdue his lust, while keeping the mysterious and sexy woman from snaring his heart. After escaping a violent assault of her home planet, Princess Nadua has taken refuge on the cold planet Undewla, all but losing hope that her people will return for her. When the threat of a native rebellion arises, Nadua must decide if she can trust the ruthless demon who strokes a desire she thought was long dead.

CAN SHE TRUST HER WILD DEMON? The Demon Slave is the second installment in the bestselling paranormal romance series, Shadow Quest.

Interview with the Author

Q Tell us a little bit about your Shadow Quest series. Shadow Quest is a unique mix of genres that incorporates paranormal romance, fantasy, and science fiction romance. My characters are based loosely in mythology with some kick-but mythical creatures such as demons, witches, and fey-like beings. Since they're all from different planets, I suppose they'd be considered aliens. Each book focuses on the relationship of the hero and heroine and the trust they must build with one another. The connection they form is a slow-burn at first, and then turns combustible. I play with the fated mates theme, but the conflict and mistrust keeps things interesting. Ultimately love wins out in the end, if they can survive the journey.

Q What order should I read the books in? Each book can be read in any order and the reader can still follow along, but for the full experience, I suggest the following sequence: - The Demon's Possession- The Demon Slave- The Demon's Retribution- Demon Untamed

Q So, why should readers give these books a try? Romance fans are ravenous, and my Shadow Quest series hits the spot. Readers have told me they have read the books several times over and still enjoy it. It's a series that draws you in and makes you long for more. Readers who enjoy action, romance, and alpha males will want to take this epic journey.

Q - What inspired the worlds you created in Shadow Quest, having it take place in space and on different planets? I've always been interested in sci-fi, fantasy, paranormal, and mythology. I thought about the kind of romance novels I enjoy reading and what I liked about them: the idea that there could be a supernatural world within our own, veiled from sight. Then I thought, What if all these creatures were really from different planets? After that, the world building came naturally.
