Von Richard North Patterson : The Devil's Light (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Devil's Light (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannung purVon Kufer333Es wird ein Szenario geschildert, dass durchaus vorstellbar ist.Terroristen gelingt es eine

Atombombe zu stehlen. Diese wird nun durch verschiedene Länder des nahen Ostens transportiert und den Westmächten stellt sich die Frage, in welchem Land soll die Bombe eingesetzt werden?! In dem spannend geschriebenen Roman werden Religion, Politik und eine Liebesgeschichte geschickt miteinander verwoben. Ich kann diesen Roman weiterempfehlen - es war ein kurzweiliges Lesevergnügen. 0 von 1 Kunden fanden die folgende Rezension hilfreich. gute Story, spannend erzählt. Von Peter Eisele interessante Story, gut und lebhaft erzählt. Zum Ende hin etwas zu oberflächlich und mit einem absehbarem Ende, Charaktere etwas eindimensional.

Kurzbeschreibung A nuclear warhead disappears. A chilling broadcast follows. A country waits in fear. Yet the broadcast deceives. And, with the world's eyes fixed on America, the true target is dangerously exposed. Agent Brooke Chandler senses the decoy and raises his concern. His superiors are not prepared to listen. Unless he can convince them, one cataclysmic flash of light will signal a dark new dawn of civilization. Pressestimmen A nuclear bomb is about to explode in a major city whose streets will turn bright with the light of a thousand suns. In this brilliant novel, Richard North Patterson slips into the minds of the mad and messianic and explores what it will mean for all of us if we allow an apocalyptic nightmare to become tomorrow's history-bending reality. THE DEVILS LIGHT is more than the provocative ruminations of a master story teller. It is a powerful call to action-lest we find ourselves sifting through the radiated wreckage of a truth told too late. Masterful and illuminating, THE DEVILS LIGHT is Richard North Patterson at his best. You will not want, or be able to, put this story down. It is tomorrow's catastrophe riding on the gleaming wings of science. William S. Cohen, former Secretary of Defense Impossible to dismiss as mere fiction, THE DEVILS LIGHT is a terrifying vision of what very well could bring down our world as we know it. With its real-life spies locked in a deathly struggle, this thrillingly told novel is all too real. Robert Baer, former CIA field officer and New York Times bestselling author The Devils Light will grab you from the very first page and never let go. Patterson's amazing storytelling is made all the better by his emotionally complex characters. I was intrigued. - Kathy Reichs, #1 New York Times best-selling author of 206 Bones THE DEVILS LIGHT dazzles and illuminates, a page-turner that smartly and in breath-taking fashion snaps to life the complexities of the middle east and the struggle of nations and players for power. The books literally barrels along as the stakes grow ever higher. Deeply researched and thoroughly plausible, Patterson's is one of the most intelligent and entertaining thrillers about the world as it is, and the possible world to come. Doug Stanton, author of Horse Soldiers and In Harms Way Pressestimmen "A nuclear bomb is about to explode in a major city whose streets will turn bright with the light of a thousand suns.
