Von Julia London : The Devil's Love before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Devil's Love:

Kundenrezensionen Hilfreichste Kundenrezensionen 3 von 3 Kunden fanden die folgende Rezension hilfreich. *

Sigh...* This book is what romance is all about! Von Guppie After reading all the books from authors like Judith McNaught and Julie Garwood in this genre, I thought I wouldn't find another author that could write like them. But oh, oh, oh, to my surprise Julia London is just as good! This is the first book of Julia London that I've read and Devil's Love is totally scrumptious! The story of Michael and Abby is so delightful, so romantic, so heartbreaking and sooooo good. Abby is sunny, cheerful and adorable and Michael was quite the opposite in the beginning. But later Michael *sigh* turned out to be a wonderful, sexy and a totally fantastic hero! The story line and build up was good and wonderfully written that YOU JUST WOULD NOT WANT TO PUT IT DOWN! If you want to read romance you MUST read this 'coz this book will make you feel like you are the main characters! This book will take you back in time. This book will make you laugh out loud. This book will make you fall in love (again)! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Devil's Love Von Giovanna911 Being a new author I was reluctant to buy the book but when I started reading it, it was difficult to put down. Julia London is a VERY promising new author. I can compare her to my 2 favorites, Julie Garwood and Johanna Lindsey. Their books cannot be put down once you have picked them up either. I very much look forward to her next novels. I enjoy learning history facts when I am reading which shows that Julia London is doing her research before she puts the information into her novels. A must read if you like romance, comedy and history all rolled into one book. She has great characters and was I happy to see that she carried them through into her 2nd book. It's more like reading a continuation instead of a completely new book. But, if you read the 2nd book first, you were not lost and didn't realize that there was another book previous with some of the same characters. A must read! 2 von 2 Kunden fanden die folgende Rezension hilfreich. Great Love Development between the two! Von Ein Kunde This is my second Julia London book and I like this much better than Wicked Angel. There were too torment in that one for my taste. This book is very well written and I love the relationship development between Abbey and Michael after their stubbornness leading to their immediate marriage. It was a little unrealistic and sad the way Abbey felt about Michael in the beginning, but she was a quick study and realized the lies. Their time together were beautifully written and full of love. Although I didn't enjoy reading about his one visit to his lover, I suppose it was unrealistic of me to assume that he would stop his activities just because Abbey showed up. My one issue with Abbey is that for being smart with people and talented in many ways, she was terribly stupid with Galen which lead to the great one rift between the two lovers. I really did not like that fact that she resisted his love for so many weeks after her accident and insisted that he was totally at fault without taking any responsibility for her part in the deception. Although Michael was horrible in the beginning with his rude reactions to being forced into marriage, I did grow to love his character. I can not say the same thing about Abbey. Overall, it was a great love story with a huge misunderstanding. I love all her aunt/cousins. It was well-written and not as heart twisting as the Wicked Angel.

Kurzbeschreibung A woman's desire... With dreams of a great romantic love, Abigail Carrington sails to England to marry the man she has loved since childhood, Michael Ingram, Marquis of Darfield. She believes her betrothed is a generous and noble man who has been longing for her. But the handsome man waiting for her at the altar is a dark, brooding stranger who rushes her into marriage, then abandons her at his country estate. Only the passion of Michael's kiss gives her hope that theirs can be more than a marriage of convenience. A man's need... With scandal shadowing his past, Michael, the Devil of Darfield, had no need for a wife. Remembering only the little hellion who made life miserable for him aboard her father's ship, he resents the agreement he made to marry her so he could save his ancestral home. Though determined to ignore her, he cannot stop thinking about his lovely violet-eyed bride. Her beauty tempts him. Her charm bedevils him. He tries to drive her away until he almost loses her. Then he vows to regain her love before it is too late.... From the Paperback edition. Kurzbeschreibung A woman's desire... Autorenkommentar Everyone needs a little romance in their lives I had lunch with a friend a few years ago, and was complaining that I didn't have anything fun to do. I couldn't even find a decent horoscope to adopt for the day! And my friend, having listened to me whine on and on, said, "Why don't you go get a good romance novel and escape for awhile?" And I said, "Well, because it's a romance novel. Duh!" And she frowned and said, "What, you don't like romance? What kind of moron doesn't like a little romance in their lives?" And I said, "I like a little romance in my life as well as anyone, thank you, but it has nothing to do with that. It's just not serious reading." Well. She rolled her eyes

way up inside their sockets and down again, stabbed her elbows on the table, leaned forward, and glared at me. And then she started: "First of all, how would you know what kind of 'reading' it is if you have never read one? Serious reading my */#! And secondly, from all the moaning you have done since you showed up here, you don't seem to have any romance in your life at the moment, or have I misinterpreted something between 'jerk' and 'idiot'? And before you try and tell me I'm wrong about that, just tell me what is wrong with reading a book for the sheer enjoyment of a good story? That's what reading is all about! Duh yourself!" Well, I did not take that lying down, not for a minute. I snapped back, "Fine! Give me one to read!" --And I have been hooked ever since! Romance novels are really very entertaining and deal with subjects everyone can relate to. Honestly, I like romance novels so much, I decided to write them! So, for all of you out there who did not get to put on a fancy ballgown today and attend the event of the season where some darkly handsome, rich, to-die-for dude decided he couldn't live without you, I present *The Devil's Love* for your entertainment. I promise you'll like it! And if you do, will gladly suggest similar books for your enjoyment -- because they, too, recognize that everyone needs a little romance in their lives.
