habe. Der Preis des Buchs auf deutsche Sprache ist unbezahlbar, da es sehr schwierig ist ein Exemplar zu finden. Habe schon das Buch in meiner Jugend auf griechisch gelesen, und freue mich jetzt auf die original Sprache. Lieferung kam auch sehr, sehr schnell... deshalb 5 Sterne

Von Gustav Moon  
Ursula LeGuin pictures an anarchist society in much detail and without romanticising. Highly recommended reading for anyone interested in anarchism.

Kurzbeschreibung  
Centuries ago, the moon Anarres was settled by utopian anarchists who left the Earthlike planet Urras in search of a better world, a new beginning. Now a brilliant physicist, Shevek, determines to reunite the two civilizations that have been separated by hatred since long before he was born. *The Dispossessed* is a penetrating examination of society and humanity -- and one man's brave undertaking to question the unquestionable and ignite the fires of change.  
Pressestimmen  
This novel, by a celebrated Hungarian poet, depicts the world of his childhood  
The narrator, a young boy whose family is shunned-it was once wealthy and is suspected of being Jewish-endures beatings, hunger, and taunts with the fatalism of someone who has never known anything else. (New Yorker)
