KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 4,5 stars!!!!Von ClaudiaOh yes, this was good! first of all, I have to say I lvoe Jillian Stones writing. I read her

"Paranormal Investigator" series and I loved it. now with this contemporary romancy she hit it again. Gracie and Bradley meet in an elevator, which stops due to power failure and lets just say, the sparks should have been enough to get the whole thing running again. Bradley just transferred from the London office to NY and their chemistry is amazing. They agree on a Do it-List and from there things get really heated ... but also quite intimate. which is quite difficult for both of them as both have their packages. so, what did I love the characters were delightful: Gracie is a strong woman, who has nevertheless her insecurities and troubles. Bradley is just wow - he is totally swoonworthy and a great guy. he is also a typical alpha male and sometimes his possessiveness and protective streak are a bit much to swallow but don't take anything away from his "yummy-ness" I also loved the secondary characters in this book - all of them were fun to be around and I really, REALLY hope for extra stories here. the storyline about the business deal and their work was funny and a real treat. loved it. although the side-suspense story at the end was maybe a bit hurried. and here are some things, which were not so great I would have enjoyed for them to have more time - the time frame of this book is with roughly 3 weeks a bit short. but contrary to some other books that did not really trouble me so much as the next point. this book was so well-paced and even though it was not such a long time they knew each other, the development of their relationship was very well done. but what made it difficult were the last 10%. here started some real difficulties and suddenly everything seemed rushed. there was even one scene where Bradley acted totally out of character. this cost the book half a star - which brings it down to 4,5 stars. Obviously there will be another book for these two and I cannot wait for that! I also really hope there will be more books with the other characters. all in all, I absolutely loved this book and hope the next one will be out soon.
