Von Don Perrin, Margaret Weis : The Doom Brigade (The Chaos War Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Doom Brigade (The Chaos War Series):

Beschreibt gut den "Leidensweg" der neuen Rasse Drakonians Von Peter Pfeifer Macht Lust auf den 2. Band, aber Frage bleibt, wie geht es weiter... Finden sie ihr Glck oder nicht? Eminent Weis exalts DL's doomed disposition Von Ein Kunde I thought Dragons of Summer Flame marked the end of an illustrious era in creative fantasy. I had no wish to waste my time or money on the so called "Fifth Age", and for the record, I still don't! Had the cover not contained the four letters WEIS, I would not have bought this book. And in so doing, would have missed out on the best Dragonlance novel since Test of the Twins. No other author could have written such a captivating story, making you feel empathy for draconians of all creatures. With liberated freedom to explore and create anew, the characterisation is first rate; in particular with Selquist. Now here is a figure who appears to have the combined idiosyncrasies of Tanis, Flint and Tas; a reflection of how unique he is. He is a thief (and does he know it!), but a thief you can't help but admire. As for Kang, you respect and get so in tune with the guy that you have to keep reminding yourself that he is a draconian. What the book lacks in terms of urgent plot development, it more than makes up for with witty dialogue and novel twists. As you would expect, the narrative itself is faultless, straight from Weis-Hickman school of writing. Go on.. try it, you won't be discontented. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Too bad the Plot is unoriginal Von Ein Kunde The Dragonlance series was my first experience with the fantasy genre over 10 years ago. Since then, I have read many fantasy books and dabbled into DD gaming. I thought this book was well written and humorous at points. The only thing is that the plot is unoriginal. It's straight out of your typical ADD game: find a treasure map, go through a dungeon, defeat a monster, get the treasure, the end. I read fantasy to be presented with something new or a twist on an old subject. Unfortunately, this book did neither. You will be entertained, but the plot has been done a thousand times before

Kurzbeschreibung War can get a fellow killed. The fearless draconians of the War of the Lance have retired from the field of battle to a pleasant valley in the Kharolis Mountains. Well, it would be pleasant, if it weren't for some dwarves, whose irritating feuding prevents the draconians from realizing their greatest hope -- the ability to continue their doomed race. When the dwarves discover a map leading to a fortune buried in the dwarven kingdom of Thorbardin, the draconians are swept up in a feverish race for treasure. Little do both sides realize that they are part of the strange and terrible destiny descending upon Krynn during the Summer of Flame. A destiny that includes the children of Chaos . . . the fire dragons! The Doom Brigade is the first installment in The Chaos War series, stories set during the war of the Dragons of Summer Flame, the New York Times best-selling novel co-authored by Margaret Weis.
