**Von Lisa Shearin : The Dragon Conspiracy (SPI Files Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dragon Conspiracy (SPI Files Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The

second SPI-case keeps up the good pacing and the hilarious dialogue and comments Von Mina Note: this is the 2nd book of the SPI Files Urban Fantasy series and although one could probably read it without knowing the sequel, I wouldn't advise it. And since The Grendel Affair is a cool book, I recommend to start there. Review Lisa Shearin did it again. The SPI agents around seer Makenna Fraser have yet another gripping case to solve, one whose stakes this time will affect the whole supernatural community in NYC in the worst possible way. If the team isn't able to find the culprit, a hijacked newbie mage and the place where some unholy ritual is planned to take place, nearly all supernaturals will either die or lose their ability to glamour themselves. In other words: it will be the end of the world as we, er they, know it. As in book one, Mak's POV is full of hilariously funny and snarky comments and I found myself laughing out loud a great many times and I appreciated it, how L. Shearin blended the fun with the danger and created a feeling of anguished tension that made me bite my nails. And with some new supernatural races introduced, like harpies and gorgons, the already well done world expanded even more. As far as the characters are concerned, I relish their being real and three-dimensional. There are supernaturals whose predisposition forces them to kill to survive and others that have a hard time controlling themselves to be able to live with humans and they still strain to do everything to lead a peaceful or at least not harmful life, determined to save bystanders from harm. So in L. Shearin's world, the unsuspecting humans aren't the real good people, its the supernaturals that constantly strive to suppress their cravings and work so hard to make their and the human's a safer place for them all. The cleverly constructed case at hand is solved, again ends in some incredibly thrilling showdown, but there are hints that one of the hidden conspirators is still on the loose and I'm sure the next installment, The Brimstone Deception will be just as great and well written entertainment, as The Dragon Conspiracy was. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein kurzweiliges und nettes Lesevergnügen Von Sands Kay In meiner Gier habe ich nach dem ersten Band (the Grendel Affair) gleich den zweiten auf den Kindle geladen und gelesen. Und ich wurde nicht enttäuscht! Dramatisch geht's in diesem Band weiter. Spannend und teilweise witzig geschrieben, genau wie ich es mag. Unsere Heldin ist klug und hat schon einiges von ihrem Kollegen/Partner gelernt. Wie auch im ersten Band sind auch hier einige Schwächen, mit denen man gut aber gut leben kann. Der Schreibstil ist locker und flüssig und gut zu lesen. Ich wurde gut unterhalten und freue mich schon auf den nächsten Band.

Kurzbeschreibung After solving The Grendel Affair, the agents have another SPI File to investigate... Were Supernatural Protection Investigations, known as SPI. We battle the real monsters of myth and legend, but this Halloween, were searching for diamonds A gala opening at the Metropolitan Museum of Art has attracted the upper crust of Manhattan and thieves. A trio of vile harpies attacks the crowd and steals the stars of the exhibition: a colorful cluster of seven cursed diamonds known as the Dragon Eggs. In the right mages hands, each stone can pack a magical wallop. Together they have the power to cure the supernaturals of the tristate area but for many of those vampires and werewolves, that means turning into dust. Im Makenna Fraser, a seer for SPI. With the help of my partner, Ian, and the other agents, I have twenty-four hours to prevent total global panic, find the diamonds, and save the supernatural community. No biggie... From the Paperback edition. Pressestimmen Praise for The Grendel Affair Urban fantasy at its best. Ilona Andrews, #1 New York Times bestselling author Throw Stephanie Plum, The X-Files, and tequila in a blender and experience it all explode in your face.
