**Von Brent Roth : The Dragon's Wrath: A Virtual Dream (English Edition)** before purchasing it in order to gage

whether or not it would be worth my time, and all praised *The Dragon's Wrath: A Virtual Dream* (English Edition):

Kurzbeschreibung\*Volume 3 is now out!\*When Brent Roth suffered a workplace accident that rendered him temporarily immobile, he found himself lying in bed dreaming of a better life. He dreamed of a life where maintaining his health was no longer a daily struggle and then when he had lost all hope, he had discovered a new virtual reality game on the horizon. A VR-MMORPG that offered him everything he lacked in real life, everything that had eluded him. A world where he could find adventure, companionship, and success all wrapped up in the singular package of *The Dragon's Wrath*. The game offered him a chance, a chance for salvation... a glimmer of hope. It was better than a dream, it was a virtual dream. This is Volume One of a multi-part series and is not a standalone novel.
