Amazing Read Von Platon These books is truly amazing. I myself play/playd some MMORPGs and the book really

captures the conflicts and decisions coming up in those. Moreover I'm wondering where the storyline is heading. There is no clear outcome predictable yet. All in all this book is a great read. Thanks for the great read and I hope you can keep it coming!!! btw. Thinking about the specific kind of VR that is brought up in this book I am not sure if I should shout out in ecstatic glee or run away in fear from such a game.

Von TP Die ersten zwei Bücher waren schon sehr spannend (ich habe sie auch gleich noch mal gelesen bevor ich mich an Nr. 3 gemacht habe), dieses Buch ist aber noch besser. Für meinen Geschmack genau die richtige Kombination aus Charakterbeschreibung, Kampf/Action, Strategie und wirtschaftlichem Aufbau. Ich mag zwar eigentlich den Begriff litRPG nicht besonders, aber die Dragon's Wrath Reihe ist definitiv ein "must read".

Kurzbeschreibung The Dragon's Wrath: Shadows in the Flame (Volume 3) takes off immediately where Ashes of the Fallen (Volume 2) left off, resuming with Sigurd's war and his desire to create and construct a kingdom in the North. As new challenges and old faces both suddenly appear, he finds himself mired in a conflict far beyond his control. Attempting to push through despite the odds, one man attempts to change the fate of thousands. This is Volume Three of a multi-part series and is not a standalone novel.
