ForbesI express unqualified enthusiasm for Barbara Delinsky, in general, a writer who is truly gifted in her very realistic and heart-felt characterizations. In this novel, the third of

the Crosslyn Rise series (as it was described when published by Harlequin), Nina Stone is a hard-boiled real estate career-woman, who is truly unafraid to go after what she wants. What is remarkable is the effective and compassionate manner in which Delinsky paints this heroine. John is her hero, an outwardly mild-mannered but extremely passionate bookseller with a four-year-old hearing impaired son. The two are thrown together as partners on a project, both reluctant, but increasingly aware of an undeniable attraction. Throughout the course of the book, the two come to a realization that they have a lot to learn about love as they learn that their apparent differences are much less significant than their need for each other.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful BarbaraVon Shirley M. GreeneI've read just about everything Barbara has written. I'm a new reader of Barbara and once I read one book, I went back and tried to buy all the rest...I'm just thrilled everytime I find one I haven't read..she will just have to write faster This particlular book was a lovely nice love story that has at least a bite to it with story line. I like that. Hope future readers will enjoy as much as I did.

KurzbeschreibungThe final book of the Crosslyn Rise trilogy pits true opposites against each other . . . Like its sisters, The Dream Comes True was written before the age of cell phones, texting, and Google. Fortunately, emotions don't go out of style Nina Stone, the realtor who is marketing Crosslyn Rise, is a bundle of aggressive energy; petite and short-haired, a workaholic driven by the need for independence and financial security. John Sawyer, consortium member and potential buyer, is tall, shaggy-haired, and laid-back; not one to rush through life, he takes his time considering every word and act. He is also a single parent whereas to Nina, children are positively alien.The Dream Comes True is a love story between two people whose lives are so full that they don't think they need love. But here's a timeless notion from an author with over 30 million books in print: we all need love!'Delinsky reminds us that we sometimes need to revisit the past to embrace the future' Diane ChamberlainKurzbeschreibungThe final book of the Crosslyn Rise trilogy pits true opposites against each other . . .
