Von Maggie Stiefvater : The Dream Thieves (The Raven Cycle, Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dream Thieves (The Raven Cycle, Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. My new favorite series!Von The Book HubbleThe StoryThe ley line is awake and everything has changed. After Adam sacrificed himself in Caveswater, he isnt the same anymore and his relationship with Blue becomes more and more strained as he starts seeing strange apparitions and finds it harder and harder to control his emotions. Blue starts to wonder if she is dating the right guy while she starts feeling more attracted to Gansey, the biggest goal of whom it still is to find the mysterious Welsh Raven King Glendower. When Caveswater suddenly disappears and Ronans dreams

start following him into his waking life, the group finds itself in danger. They might not be the only ones trying to figure out what is going on with the ley line, and not everyone is as friendly and polite as Gansey. The Superficial love, love, love that Ronan is on the cover. Its a perfect fit since the story focuses on Ronan for a good chunk of the book. Its in the same style as the first cover and I love the color scheme. The cool tones convey that mysteriousness and go well with Ronans character. Writing Plot Its no secret that I am in love with Maggie Stiefvaters writing style. This series is quite different from the Wolves of Mercy Falls books, and while I enjoyed the previous one, I like this one a lot better simply because it was that much more intricate. While I was reading The Raven Boys, especially in the very beginning, I sometimes found it a little hard to get into the story because I need some time to get used to that kind of writing style first, but towards the end I had no problems at all. In this book I was already accustomed to it and able to enjoy all of the story from the very beginning. I have to admit that there is not that much plot in The Dream Thieves, at least not the kind that would further the main story arc surrounding the search for Glendower. But that doesnt mean that nothing happens. I feel like the main purpose of this book is to develop the characters and that was done beautifully. It was never boring or dragging on and I thoroughly enjoyed the pacing. Its pretty impressive that a book that does this can still be this great. The Characters The characters are what make me love this story so freaking much. I have never read another book in which I was so in love with each and every character as I am in this series. I applaud Maggie Stiefvater for being such a gifted writer and making all of them perfect in their own unique but flawed way. I could go on and on for pages about why I found such a special place in my heart for them but I would never be able to accurately describe all my feelings. I think you have to read the book to understand what I mean with that. These characters are in no way, shape or form easy. They are incredibly complex, deep, twisted, flawed, intricate, a little broken, and so, so lovable. I am so very glad the author decided to put a focus on Ronan here because I think he can be very easily misunderstood. We learn a lot about his past and his family, his dreaming abilities, feelings, and secrets, and all that has made Ronan one of my favorite characters. I was sad for him and happy for him, and at times I just wanted to reach through the pages and give him a hug. When you feel that much with and for a fictional character, I think its safe to say that the author has created a piece of art. "While Im gone," Gansey said, pausing, "dream me the world. Something new for every night." (page 219) Kavinsky was a super interesting side character and I think his story line arced perfectly, and thats about all I can say about him without spoiling anything! Blue kind of became more of a minor character compared to Ronan but that was absolutely fine with me. I still really enjoyed reading about her and her crazy family. Favorite Quote "In that moment, Blue was a little in love with all of them. Their magic. Their quest. Their awfulness and strangeness. Her raven boys." (page 11) Me too, me too, Blue. This accurately sums up my feelings. No other explanation needed. The Round-Up Now that Ive written the word love about a billion times, I can come to a conclusion. This is definitely my new favorite series. I already had a feeling that it would turn into that after the first book, but now that Ive read the second theres no doubt! I am so amazed at how much I enjoyed The Dream Thieves and would recommend the Raven Cycle to anyone! I cant wait to start Blue Lily, Lily Blue. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Ein noch greres Feuerwerk als Buch eins! Von Vanessa Der Plot beginnt zwar etwas langsam, nimmt aber gegen Mitte an Tempo zu und endet (wortwrtlich) in einem Feuerwerk, das sogar noch grandioser ist als im ersten Buch. Die Handlung hebt sich jedoch genug vom Vorgnger ab, da sie sich vor allem auf die bereits im Titel erwhten Traumdiebe konzentriert. Spannend, dass es ber den Groteil des Buches hinweg zwei (stellenweise drei) feindliche Lager gab, die nichts miteinander zu tun hatten. Diesmal steht Ronan im Mittelpunkt, der bisher neben Gansey und Adam zurcktreten musste, aber auch die anderen Charaktere kommen nicht zu kurz. Mit Blues romantischen Problemen konnte ich richtig gut mitfhlen, auch ihre allmhliche Entscheidung fr einen der beiden (ich versuche nicht zu spoilern) war nachvollziehbar und schn beschrieben. Diesmal war ich sogar von Kavinsky und seiner schrecklichen Zerstrungswut fasziniert. Wie schon im ersten Buch konnte ich auch hier nicht anders als Maggie Stiefvaters Schreibstil zu bewundern. Sie schafft es immer wieder, ihre Welt der Magie mit bildhaften Beschreibungen und originellen Metaphern zu beleben. Damit beweist sie, dass Fantasy nicht allein von der Handlung lebt, sondern dass ein guter Schreibstil fantastische und mrchenhafte Elemente nur noch weiter heraushebt. Wie erwartet verleihe ich auch dem zweiten Teil der Serie alle 5/5 Sonnenbrillen mit weiem Rand fr gelungene Fantasy und freue mich auf die Fortsetzung. 3 von 3 Kunden fanden die folgende Rezension hilfreich. Raven Boys Von selda Nachdem Teil 1 gut war, aber durchaus seine Lngen hatte, war ich neugierig, wie die Geschichte weitergeht. Dennoch lag Teil 2 eine kleine Ewigkeit ungelesen auf meinem Reader. Und das vllig zu Unrecht. Teil 2 ist mitreierend und spannend von der ersten bis zur letzten Seite. Alle Charaktere bekommen die gleiche liebevolle Aufmerksamkeit. Die Suche nach Knig Glendower geht weiter, steht aber gar nicht so sehr im Hauptfokus. Es sind die Strken und Schwchen der Hauptfiguren, die diesen Stoff weben. Ich mchte gar nichts ber die Geschichte verraten. Maggie Stiefvater hat wieder einmal ein kleines Universum voller Wunder geschaffen. Freu mich schon sehr auf Teil 3.

Kurzbeschreibung If you could steal things from dreams, what would you take? Ronan Lynch has secrets. Some he keeps from others. Some he keeps from himself. One secret: Ronan can bring things out of his dreams. And sometimes

hes not the only one who wants those things. Ronan is one of the raven boys a group of friends, practically brothers, searching for a dead king named Glendower, who they think is hidden somewhere in the hills by their elite private school, Aglionby Academy. The path to Glendower has long lived as an undercurrent beneath town. But now, like Ronans secrets, it is beginning to rise to the surface changing everything in its wake. Of THE RAVEN BOYS, ENTERTAINMENT WEEKLY wrote, Maggie Stiefvaters cant-put-it-down paranormal adventure will leave you clamoring for book two. Now the second book is here, with the same wild imagination, dark romance, and heart-stopping twists that only Maggie Stiefvater can conjure.
