Von M.J. Rodgers : The Dream Wedding (Fortune Cookie) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dream Wedding (Fortune Cookie):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Proves Why Rodgers is The BestVon Ein Kunde"The Dream Wedding" is another of Rodgers' books that demonstrates her amazing ability to create a moving love story and a very intricate mystery in a mere 250 pages. The opening was a little hokey, but after that, the book took off and never let up. Trying to figure out the mystery of Brianna's past takes them all over the country, sorting through conflicting stories in a twisting tale that is impossible to figure out ahead of time. But it's the investment that Rodgers places in her characters that makes you care about the mystery. Michael and Brianna are two real people who totally come to life and who are definitely worth rooting for. One moment they share over a yearbook picture when they make a crucial discovery had me near tears--the appropriateness of Michael's

response to Brianna was simply perfect. No mystery or romance fan could possibly be disappointed with this book. It has it all. The best Intrigue of 1997.

Kurzbeschreibung Dreams can come true. Dream specialist Michael Sands couldn't have conjured a more perfect dream woman than the beauty that lay asleep in her wedding gown under his Christmas tree. Nor could he resist kissing her awake. Briana Berry wasn't disappointed to awaken in the arms of the sexy stranger dubbed The Sandman at his Institute of Dreams. But she was more than alarmed to find that the precious life she remembered did not exist. How were they to find out who she was when their only clue was the compelling dream from which she awoke? A dream in which she was the bride at a spectacular winter wedding until danger arrived as an uninvited guest. FORTUNE COOKIE
