Kurzbeschreibung Seriously ill, in pain with no money for medication or food, Dennis sets out to North Beach to drown but ends up being saved more ways than he can imagine. Walking along the beach one evening, Luca Ferone encounters a body floating in the water. Being told to kiss off after rescuing the man isn't what he expected. Dennis O'Shea was ready to end it all. Being saved wasn't in his plans. One look in Dennis' eyes is all Luca needs to be lost. He won't let anything get in the way until Dennis is his. Dennis doesn't go easily but realizes that Luca is a man used to getting his own way. Can the two find their way together?
