KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Dwellers Saga/Country SagaVon Kat SchiI thoroughly enjoyed the two sagas - hey should really be read in the order suggested by the author. 1-3 (dwellers) 1-3 (country) 4 (dwellers).The books are very entertaining - bleak circumstances, powerful emotions, and likable and/or entertaining characters.As in novels of it's type, the odds are bad, searin' bad at that, but the good will shine and give hope to a better future. I feel this is the key element to dystopian novels. The world is bleak but hope prevails.If read in suggested order, a lot of details will click into place allowing for a wide understanding of the world and different cultures created in the aftermath of a catastrophe.A great conclusion to two great trilogies.Referring to another review (in german): No, the connection between the two protagonists is not "magical" and unexplained. Maybe people should read something from beginning to end (7 books in total) before making bad reviews...
