**Von Terry Brooks : The Elf Queen of Shannara (The Heritage of Shannara)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Elf Queen of Shannara (The Heritage of Shannara):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Best of AllVon CustomerI first read this book about three years ago only because I had to read a book for my class or get a

failing grade. I hated to read, mainly because I never really had. When I was in the school library I wasn't even sure how the place worked. I just walked in and picked a wall of books not knowing it was the fiction part of the place. I can still see it sitting there, it was a hardcover copy and the only reason I got it was because I loved the picture on the cover. It was amazing...it was like being transported into a whole new world. I laughed, and cried throughout the whole thing. When a character died, I felt like a part of myself died as well. After reading it I begged my mother to buy me all of the Shannara books and I read them all in a few weeks. Terry Brooks is the reason I now love to read and I will never forget the first book I ever read...The Elf Queen of Shannara.0 von 0 Kunden fanden die folgende Rezension hilfreich. This book is placed in the fiercest territory of the series.Von B.J. Allen (theinfiniteweird@hotmail.com)If I had to rank the Shannara books from best to worst, I'd have to say this one is number eight. But on a scale of one to ten: A definit ten! Terry Brooks puts into this books the most mysterious and weirdest cgharecter(The Addershag), one of the most fioercest monsters(the Wisteron), and the worst place one would want to end up, in the worst possible situation(except for the situation in The Elfstones of Shannara). The action almsot never stops, and the unexpected twists and turns of this one had me going. I'm no expert on writing reveiws, but the only thing this one lacks is lore and history like in the other books. But even that is nbot a hendrence. Even though the bopok starts off a little shaky, once you get onto Morrwindl, you wo'nt be abler to put the book down.0 von 0 Kunden fanden die folgende Rezension hilfreich. Another Excellent Book by Terry BrooksVon Jeffrey T. MunsonThe Elf Queen of Shannara is the 3rd book in the Heritage of Shannara series, and it is excellent. I found this book a little "slow" at the beginning, but as I read further, it picked up steam. In this installment, we are following Wren's charge from Allanon; restore the elves to the Four Lands. I must say that I wasn't too impressed with Wren in the other 2 "Heritage" books, but Terry Brooks brings her to life in this book. We follow her struggle to find her true identity and her task to free the elves. We are also introduced to Stresa, a splinterscat, and Faun, a tree squeak, who become Wren's constant companions. Wren also finds out the terrible truth about the Shadowen and how they appeared. Overall, this is another excellent book by Terry Brooks.

KurzbeschreibungBONUS: This edition contains an excerpt from Terry Brooks'sThe Measure of the Magic."Find the Elves and return them to the world of Men!" the shade of the Druid Allanon had ordered Wren. It was clearly an impossible task. The Elves had been gone from the Westland for more than a hundred years. There was not even a trace of their former city of Arborlon left to mark their passing. No one in the Esterland knew of them -- except, finally, the Addershag. The blind old woman had given instructions to find a place on the coast of the Blue Divide, build a fire, and keep it burning for three days. "One will come for you." Tiger Ty, the Wing Rider, had come on his giant Roc to carry Wren and her friend Garth to the only clear landing site on the island of Morrowindl, where, he said, the Elves might still exist, somewhere in the demon-haunted jungle. Now she stood within that jungle, remembering the warning of the Addershag: "Beward, Elf-girl. I see danger ahead for you . . . and evil beyond imagining." It had proved all too true. Wren stood with her single weapon of magic, listening as demons evil beyond all imagining gathered for attack. How long could she resist? And if, by some miracle, she reached the Elves and could convince them to return, how could they possibly retrace her perilous path to reach the one safe place on the coast?From Publishers WeeklyFinely tuned and occasionally elegiac, this third volume of Brooks's projected Heritage of Shannara tetralogy follows Wren Ohmsford in her search for the last of the Elves, part of the quest set for her by the shade of the Druid Allanon as her role in saving the world from destruction by the mysterious Shadowen. Wren and her nonspeaking, telepathic Rover mentor Garth find the Elves in their city of Arborlon threatened by monsters they created themselves in an attempt to revive their ancient magic. After Wren's true lineage is revealed--she is a granddaughter of the queen of the Elves--the girl agrees to lead a small band of companions in a desperate gamble to save her people and fulfill her mission. Wren must overcome her fear of the famous Shannara Elfstones and then learn to manipulate their powers if she is to succeed. Meanwhile, her cousin Walker Boh succumbs to his destiny in the ancient Druid city of Paranor, while Par Ohmsford, with Walker and Wren the third of the "children of Shannara," is further endangered by the sinister Rimmer Dall. Brooks's prose becomes more fluid and his world becomes more complex, ambiguous and credible with each volume. Copyright 1991 Reed Business Information, Inc.From Kirkus sThe latest addition to The Heritage of Shannara tetralogy, the separate quests of Wren, Coll, and Par Ohmsford, and their uncle Walker Boh, proceeding as ordained by the dead Druid, Allanon. Wren, with her faithful giant deaf-mute sidekick, Garth, has been charged with restoring the vanished Elves; the latter, she discovers, are beset by evil beasties and hiding behind magical barriers in their city Arborlon on the island Morrowindl, which is destroying itself in a volcanic eruption. In Arborlon, Wren learns that she's actually an Elf, the granddaughter of Queen Ellenroh, and it is her task to bring Arborlon back to the mainland concealed inside a magic jewel, the Loden. Coll, meanwhile, escapes--or so he thinks--from the clutches of the evil Shadowen leader, Rimmer Dall, only to lead the latter straight to Coll's brother Par; and Walker Boh rediscovers Paranor, the lost city of the Druids, by becoming a Druid himself, albeit against his will. Fancy and mostly agreeable stage-setting for the showdown to come in book four. -- Copyright 1992,
