Von Anthony Riches : The Emperor's Knives: Empire VII before purchasing it in order to gage whether or not it would be worth my time, and all praised The Emperor's Knives: Empire VII:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Outstanding!Von customerThe perfect companion to this excellent series is the ROMA VICTRIX WINE BEAKER Roma Victrix Wein BecherAnthony Riches Empire series goes from strength to strength with every succeeding novel,

for me *The Emperor's Knives* is the best yet, without giving away spoilers, the narrative is, as usual fast paced (so much so that I was up until 2 in the morning) all ones senses are alerted, full of murky intrigue, the visceral gore of the gladiators and the arena, to the smells and sounds of every day life in ancient Rome. The characterisations of the main protagonists have been explored to the full and you end up with the feeling that you were there in another life. Highly recommended.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great story, shame about the editing Von Martin TI've read all the books in the "Empire" series since I stumbled over the first one in a hotel. Like the others, "The Emperor's Knives" is a cracking read. One star deducted for the quite shoddy editing; several times the names of characters change mid-paragraph, and there are numerous spelling and grammatical errors. Hopefully these get sorted out in future editions.

Kurzbeschreibung 'A master of the genre' The Times The seventh novel in Anthony Riches' acclaimed Empire sequence brings Marcus Aquila back to Rome, hunting the men who destroyed his family. But the revenge he craves may cost him and those around him dearly. The young centurion's urge to exact his own brutal justice upon the shadowy cabal of assassins who butchered his family means that he must face them on their own ground, risking his own death at their hands. A senator, a gang boss, a praetorian officer and, deadliest of all, champion gladiator Mortiferum - the Death Bringer - lie in wait. The knives are unsheathed, and ready for blood . . . Pressestimmen "Fast-paced and gripping 'read-through-the-night' fiction, with marvellous characters and occasional moments of dark humour. Some authors are better historians than they are storytellers. Anthony Riches is brilliant at both." Conn Iggulden, author, "The Gates of Rome" "A damn fine read . . . fast-paced, action-packed. Ben Kane "This is fast-paced and gripping "read-through-the-night" fiction, with marvellous characters and occasional moments of dark humour. Some authors are better historians than they are storytellers. Anthony Riches is brilliant at both. Conn Iggulden "Stands head and shoulders above a crowded field . . . real, live characters act out their battles on the northern borders with an accuracy of detail and depth of raw emotion that is a rare combination. Manda Scott "Werbetext The action moves to Rome itself in the seventh novel in the Empire sequence, praised by authors including Conn Iggulden, Ben Kane and Manda Scott.
