**Von Christopher Nuttall : The Empire's Corps (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Empire's Corps (English Edition):

The Empire's Corpse ...Von DIMIThis is one of the worst books of military science fiction I had the opportunity to read since David Weber's "The Excalibur Alternative". Boring, predictable, no original idea and really, really bad writing. On the positive side: The kindle version can be bought and deleted without killing an innocent tree, so it doesn't matter

if this work of trash fiction isn't worth the paper it is not written upon.3 von 4 Kunden fanden die folgende Rezension hilfreich. Excellent book ....Von yperietI think this new SF book by Christopher Nuttall is a very good read. Apart from a good story line, lots of action and good pace it is very professionally written, not always the case with new Kindle SF books here on . The plot is a bit predictable, but let's see how the story continues ..... Highly recommended.1 von 2 Kunden fanden die folgende Rezension hilfreich. Gute Geschichte, spannend geschrieben - aber nichts herausragendesVon Mara K.C. Nuttall schreibt hier den Auftakt einer (bisher) 11-teiligen Sci-Fi Reihe.Fr den ersten Teil einer Reihe erfllt das Buch alles wichtige. Es ist gut und spannend geschrieben und die Charaktere werden eingefhrt.Gleichzeitig ist klar, dass Nuttall heftig von anderen Schreibern Ideen und Konzepte borgt. Wer z.b. David Webers Honorverse kennt oder Heinleins Starship Troopers, dem werden einige Sachen bekannt vorkommen.Er schafft es, sie aber zu einem eigenen Universum zusammenzufhren und spannend zu gestalten.Der einzige, fr mich wirklich strende Kritikpunkt: Nuttall bringt seine politischen Ansichten ziemlich offensichtlich ein. Man kann darber hinweglesen, aber manchmal wirkte es schon stark belehrend.

KurzbeschreibungYou Should Never Speak Truth To PowerThe Galactic Empire is dying and chaos and anarchy are breaking out everywhere. After a disastrous mission against terrorists on Earth itself, Captain Edward Stalker of the Terran Marine Corps makes the mistake of speaking truth to power, telling one of the most powerful men in the Empire a few home truths. As a result, Captain Stalker and his men are unceremoniously exiled to Avalon, a world right on the Rim of the Empire. It should have been an easy postingWell, apart from the bandits infesting the countryside, an insurgency that threatens to topple the Empires loose control over Avalon, and a corrupt civil government more interested in what it can extort from the population than fighting a war. The Marines rapidly find themselves caught up in a whirlwind of political and economic chaos, fighting to preserve Avalon before the competing factions tear the world apart. Theyre Marines; if anyone can do it, they can.The battle to save the Empire starts here.KurzbeschreibungYou Should Never Speak Truth To PowerThe Galactic Empire is dying and chaos and anarchy are breaking out everywhere.
