Von Jude Deveraux : The Enchanted Land (Avon Historical Romance) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Enchanted Land (Avon Historical Romance):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. What book did these other reviewers read?Von Ein KundeI found this one pretty darned awful. The heroine is one of those

dishrag types who are always acted upon and don't act themselves until life has so beaten them up (hundreds of pages into the book) that they have to do SOMETHING or just wither away from self-disgust. The plot is one of these Perils of Pauline deals, where the heroine is fished out of one peril just to fall into another, ad nauseum. Villains are cartoonishly so (and even though the heroine knows better, she trusts them long enough to fall into another trap). And the characterizations are such that people change from paragraph to paragraph, depending on whether the scene's going where it should or not. These aren't real people; these aren't real adventures. This is the kind of book that gives romance its bad reputation. The biggest problem is, I read this book because an acquaintance told me how much she LOVES Deveraux! I guess either Deveraux had a temporary low spot in her career, or that I need to have my acquaintance read, say, Smith's *A Place to Call Home* or Jeffries' *The Dangerous Lord* to find out what good romance writing is. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Don't bother... Von Ein Kunde I have read a lot of Jude Deveraux enjoyed most of it, but this book (originally published in 1978) is obviously an early near-fatal attempt at writing. Fortunately J.D. went on to more successful books, but this one is definitely not worth your time or money! If she would re-write it in her current more flavorful style, it would probably be fine. The descriptions are incomplete, the settings poorly described, the emotions difficult to follow. I've made it through 1/4 of the book it's now going to hit the trash after reading the highly unnecessary rape. I read for relaxation pleasure, not to be upset by violence or annoyed with poor writing! 0 von 0 Kunden fanden die folgende Rezension hilfreich. A favorite Von Ein Kunde I truly enjoyed this book. This is the second Jude Deveraux book I have ever read, the first being *Eternity*. I didn't like *Eternity* as it was too sugary but this one was great. It is because of this one that I decided to read more of JD's books. If you liked this one you should try Judith McNaught as this book was written in her style... Man meets woman, man and woman fall in love, trouble and misunderstandings... man and woman separate... misunderstandings resolved, and in the end, back together again. As I neared the end of this book I couldn't put it down and when it ended, I wish it hadn't.

Kurzbeschreibung A woman who could not be conquered . . . A love that was never forsaken . . . A land that will not be forgotten . . . For beautiful Morgan Wakefield, the enchanted land is the ranch in New Mexico her father has left her. But the only way for her to inherit is if she lives there for a year with a husband. And so Morgan proposes a marriage of convenience to a man she just methandsomely rugged rancher Seth Colter. In Seth's powerful embrace, Morgan discovers a passion she never knew existed, and an unexpected new love blossoms between them. But devastating challenges and betrayal conspire against these lovers, and they will have to fight for a future together on this wild, enchanted land.
