Book 1) (English Edition):

Kurzbeschreibung Ten years ago Evie Evans left behind a dangerous job to be a mother and a wife. Now widowed and left to raise her children alone, Evie is prepared for anything. Well, almost anything. There are actually two things she isn't prepared for at all. The first being a sexy young man named Coop, a CI operative who is thrust into her world as her protector and handler. The other is an arms dealer named Servario, who the military has decided she must gain the trust of. But the world she left behind has changed and unfortunately, so has Evie. The minivan-driving mother of two couldn't be further from the woman she once was and she doesn't have time to catch up. At every turn there seems to be a secret or betrayal awaiting the inexperienced spy. But Evie has a secret too, she just doesn't know it yet. This hot, sexy ride is filled with espionage, secrets, and twists you will not see coming. Adult 18+
