Von Guillermo del Toro, Chuck Hogan : The Fall (The Strain Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fall (The Strain Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Good Solid Undemanding Read for those seeking Action and HorrorVon Sean DaleIf you have read The Strain then you will of course want to read the follow-up. More of the same but for me without the high tension that was generated by the first book. Lots of gruelling horror and action and some interesting development of the plot. As a reader I wanted to know how things develop but at the same time felt a little let down by the plot developments. Lack of surprise perhaps.

Otherwise, a good fun (for horror fans) accessible read with a story that tears along at a good pace that won't leave you bored but perhaps lacking for tension and depth.0 von 0 Kunden fanden die folgende Rezension hilfreich. gutes Fortsetzung einer starken GeschichteVon Markus Atorfich habe zuerst Staffel 1 der Serie gesehen - dann mute ich die Bcher haben!Wie blich sind sie besser als die Serie - ich werde hier nicht spoilern aber ich kann dieses Buch und die beiden Anderen 100% empfehlen (wenn man dieses Genre mag).0 von 0 Kunden fanden die folgende Rezension hilfreich. Hervorragender zweiter Band in einer hervorragenden Trilogie.Von MirKloThe Strain ist eine wirklich sehr lesenswerte Reihe und dabei flit dieser Band nicht ab. Liet sich flssig, ist durchweg spannend und plausibel und in sich schlssig. Wer Bcher ber Horror/Vampire mag, kann hier nichts falsch machen.

KurzbeschreibungThe tension-filled sequel to THE STRAIN, now a popular TV show.Humans have been displaced at the top of the food chain, and now understand to their outright horror what it is to be not the consumer, but the consumed.Ephraim Goodweather, director of the New York office of the Centers for Disease control, is one of the few humans who understands what is really happening. Vampires have arrived in New York City, and their condition is contagious. If they cannot be contained, the entire world is at risk of infection.As Eph becomes consumed with the battle against the total corruption of humanity, his ex-wife, Kelly, now a vampire herself, is ever-more determined to claim their son, Zack.As the Biblical origins of the Ancient ones are gradually revealed, Eph learns that there is a greater, more terrible plan in store for the human race worse even than annihilationPressestimmenPraise for THE FALL: 'The climax, all fire and brimstone, nicely sets up the third and final volume' Financial Times 'Enough blood-curdling action to set up a gory finale' News of the World 'Relentlessly paves the way for what promises to be an epic third book' Kirkus 'Fast-paced, action-packed, and even better than the first volume. Highly recommended for thriller and horror fans' Library Journal 'The authors ratchet up the tension as events alter and the stakes become higher' SFF World Praise for THE STRAIN: 'The first in a trilogy that soars with spellbinding intrigue. Truly, an unforgettable tale you can't put down once you read the first page. I can't wait until the next one.' Clive Cussler 'Blood and apocalypse mix in a terrifying story that feels like it was ripped from today's headlines. Vividly wrought and relentlessly paced, THE STRAIN haunts as much as it terrifies. I cannot wait to see where Del Toro and Hogan take us next.' James Rollins 'A rattling piece of escapism' The Times 'Diverting and never less than expertly crafted' Guardian 'A pacy thriller with a great eye for detail and plenty of gloriously icky moments' SFX 'A great read' Sun 'An entertaining mix of action blockbuster and vampire myth ! with Del Toro's talent for creating fantastical, macabre characters shining through ! an exciting page-turner' Metro 'The action and excitement never let up' SciFi Now 'Del Toro and Hogan succeed in constructing a driving plot and delivering a gripping conclusion. Great characters ! and a flair for striking scenes get this trilogy off to a first-rate start'.
