THE FIRST TRUE SCI-FI BOOK IN YEARSVon Ein KundeTHE FALSE MIRROR PUT HUMANS AND ALIENS TOGETHER AT LAST AGAINST OTHER ALIENS. THE WAR CONSISTED OF EVERYTHING, AIR COMBAT, GROUND WAR, REACON. EVERYTHING A REAL WAR WOULD HAVE ALAN DEAN FOSTER HAS

FINALLY PUT INTO A REALISTIC BOOK. FIRST OF ALL IT TELLS OF THE YOUNG BOYS LIFE (NOT TOO MUCH) THEN IT TELLS ABOUT HIS TRAINING. AND IT'S NOTHING SPECIAL, THEY DON'T HAVE EXTREMELY HIGH TECH WEAPONS THAT ARE IMPOSSIBLE AND COULD EASILY DEFEAT THE ENEMY WITH A MATTER OF MOMENTS WHEN THE WAR WAS DECLARED. IT IS ONLY THE SECOND PART OF A THREE BOOK SERIES AND I MEAN TO READ THE THIRD AND IF IT'S ANYTHING LIKE THE SECOND I PLAN ON HAVING QUITE A READING TIME. I GIVE IT TWO THUMBS UP 0 von 0 Kunden fanden die folgende Rezension hilfreich. E X C E L L E N T !!!!! Von Ein Kunde The Amplitur had finally found a way of limiting the advancing Human Weave alliance, by creating an elite unit to match their Human counterpart, despite the Amplitur's success, their plan backfires into something truly frightening. I enjoyed reading this story, the characters felt real, I wonder how would a Nazi officer feel if he found out that he was Jewish, and that other officers in his company were Jewish as well?? Mr Foster is one hell of a writer, I thought A Call to Arms was the best in the series but this comes a close second, I eagerly await the next exciting installment!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Genetic, psychic, and underrated. Von Ein Kunde This book, second in The Damned series, takes place during the war. A group of aliens that look similarly like humans find they were genetically changed. They turn against the creatures that did it to them and are helped by the humans. When helped, it is found that they have gained psychic abilities. The False Mirror goes through the pain of being betrayed and the harshness of war. Foster creates many different types of aliens, each with a distinctive attitude and personality

Kurzbeschreibung For millennia, the alien union called the Weave had been at war with the Amplitur. But only in the handful of centuries since Earth had joined the Weave had the tide of the battle been slowly turning in the Weave's favour. Then an elite unit, raised from childhood in dedication to the Amplitur Purpose and designed to match perfectly the Humans they were to fight, came of age - and it looked as if at last the Amplitur might prevail against the Weave. But when one of the elite unit, a warrior called Ranji, was captured by the Weave, a horrible truth was revealed: Ranji was in fact Human, a subject of the Amplitur's vile genetic manipulations. The Weave promised to reverse the effects and help Ranji rescue other altered Humans from the clutches of the Amplitur. But neither Ranji nor his new allies could have known that the proposed cure would result in an abomination that could tear the Weave alliance apart - and brand Ranji and his kind as the most despicable creatures in the galaxy...
