Von Brad Meltzer : The Fifth Assassin: The Culper Ring Trilogy 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fifth Assassin: The Culper Ring Trilogy 2:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. SuspensefulVon TeBrad Meltzer's The Fifth Assassin fulfills essential elements like suspense, disbelief, intrigues, surprises, tenacity and depth that are essential in any good thriller or mystery story. I finished the book not only satisfied but also being more informed. With the exception of Brad stretching things a little too far in some instances,

The Fifth Assassin comes out as a well-rounded story. Overall, I found this book to be well written with a gripping plot, great characterization, an absorbing setting and amazing beautiful dialogue. The fact that it captured my full attention right from the early chapters makes it a work I will like to return to is a work to. Like in Triple Agent, Double Cross, or The Key to Rebecca, The Fifth Assassin is suspense full and fast-paced.

Kurzbeschreibung Beecher White, hero of the number one bestseller THE INNER CIRCLE, discovers a killer in Washington, DC who's recreating the crimes of four of the world's most famous presidential assassins. But what's if those assassins weren't just isolated killers? Who do they really work for? And why are they planning to kill the President today? Beecher's about to find out. And most terrifying, he's about to come face-to-face with the fifth assassin. Pressestimmen "Clearly a history buff of the highest order, Meltzer knows his stuff, and he's included research from chats with none other than President George H.W. Bush.... Beecher's got the mental acumen of Robert Langdon and the gumption of Indiana Jones, but unlike those globe-trotting types, Meltzer's protagonist is thrown into adventures made in the USA and acts as an awesome gateway into the deadlier aspects of American history." USA Today "History and suspense collide in shocking ways - and the intensity never lets up. Beecher carries the weight of the story. He's a great character who will resonate with readers since he's like the fun next-door neighbor or your best friend in college.... One of his best books to date... The ending of The Fifth Assassin appears to announce that Beecher White will return, and that cannot come fast enough." Washington Post "A fascinating story that blends historical facts, secret codes, with an engrossing mystery... Meltzer is a master at writing his mysteries as puzzles where the pieces are hints dropped throughout the book..." Military Press "Because not since the Fletcher Knebel seminal Seven Days in May or James Grady's scathing Days of the Condor, has there been a political thriller as relentlessly paced or blisteringly effective as The Fifth Assassin. An early contender for the best thriller of 2013." The Providence Journal "Full of surprises, action, twists and turns, it is a wild and entertaining (and yes, educational) romp, wonderful in every way... Read The Fifth Assassin and prepare to be entranced and enthralled." BookReporter "When you sit down to start reading, make sure the chair has a comfortable cushion because you'll find yourself unable to put the book down and get anything done. It's that good a read... As always Meltzer's character development and believable plot is spot on. Clearly Mr. Meltzer has done his homework. I think his attention to detail; using true facts combined with fiction to tell his story is what makes him a standalone author in the thriller genre and his fans coming back for more." Suspense Magazine "Ratchets up the drama and human interest, and Meltzer's fans will enjoy the usual sprinkling of history factoids, fast-paced writing and the double-whiplash bombshell conclusion." Kirkus s "All of Brad's books are a fascinating read. He is a great storyteller who keeps all of us on the edge of our seats." President George H.W. Bush Werbetext The number one New York Times bestselling author of THE INNER CIRCLE delivers the second novel in the blockbuster Culper Ring Trilogy.
