Von Paulo Coelho : The Fifth Mountain before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fifth Mountain:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A masterpiece that will help me live my live to the fullest!Von Ein KundeI have read The Alchemist this summer, and since then, I am looking for every book of Paulo Coelho to read. The second book I read was the Fifth Mountain. This, without a doubt, one of the best and most inspiring books in my life. Everybody, who wants to live their life with more

quality should read this book. It gives so many answers through a simple biblical tale about Elijah. It is not Elijah's life that is important, it is important that you identify, find yourself in the situations that Elijah is going through. I have to admit that I even cried reading this book, but I enjoyed it (this is the first book that I cried reading it) Give your soul a treat and read this book!

Von David Harrison
The Fifth Mountain reflects Coelho's progress since he wrote "The Alchemist". This work is more mature and better crafted. I was impressed by the unique historical circumstances chosen by Coelho as the background for this novel. Coelho does a brilliant job of avoiding the temptation of making Elijah seem too much larger than life, and treating him as a superhero to whom most readers could never relate. Rather Coelho creates the portrait of a man who is very human, undergoing a very real struggle to find his faith and understand his mission in life, love, and its consequential suffering. I agree with the reader who pointed out the flaw in "The Alchemist" in that there are many questions unanswered and unexplored, such as to why the boy was chosen for the journey. The historical background of "The Fifth Mountain" avoids this weak link by clearly establishing Elijah's historical role as the savior of Israel from Jezebel. This prevents the reader from wondering aloud "why him?" and makes for a more fluid read. This work can also be understood as a lesson for peoples of the world to recognize their common humanity and put aside centuries of hatred and misunderstandings. Despite the fact that Elijah is an outsider in the community, he is soon respected as one of its wisest members. His relationship with the young boy of the woman whom he loved is a very touching brush stroke on this work as well. This is a must read for anyone searching for a spiritual, uplifting masterpiece.

Von Tatiana Ramos
Coelho give us a completely different point of view inspired in the Bible. Its a great story about a prophet that learns how to be a prophet. The book is the long way he walked to be first a man of faith and then the great God's spokeman. Very inspirational, shows the way to reach God. Thanks Mr. Paulo!

Kurzbeschreibung
Having been published in over 100 countries, translated into 42 different languages, with over 21 million copies of his books sold internationally, Paulo Coelho can truly claim to be one of the most popular writers in the world. The Independent on Sunday has called him a publishing phenomenon. Paulo's writing is a visionary blend of spirituality, magical realism and folklore. His stories are simple and direct, yet they have the power to change lives and inspire you with the courage to follow your dreams.

His fifth novel, The Fifth Mountain, is set in the 9th century BC. Elijah is a young man struggling to maintain his sanity amidst a chaotic world of tyranny and war. Forced to flee his home, then choose between his newfound love and security and his overwhelming sense of duty, this is a moving and inspiring story about how we can transcend even the most terrible ordeals by keeping faith and love alive.

de
With The Fifth Mountain, Paulo Coelho turns his talent for spiritual fiction to the story of the Biblical prophet Elijah. Like a blossoming flower, Coelho opens up the brief account of Elijah's flight from Gilead and his time in Zarephath. He deepens the prophet's character by revealing the thoughts, doubts, and discoveries that Elijah must have experienced as he struggled to find his course in life amidst the confusion of war and political turmoil. When being a prophet of the God of the Israelites is like a warrant for your death, concerns about your chosen path are sure to arise. Perhaps it is this believability in Coelho's retelling that makes it so evocative, or it may be the bit of Old Testament wisdom he brings to popular literature of the 20th century: "the words of the lord are written in the world around us. Merely be attentive to what happens in your life, and you will discover where."
