Mankell hat einen uerst spannenden, logisch aufgebauten und dennoch nicht vor dem Schluss zu durchschauenden Kriminalroman geschrieben, der mir einige Nchte lang den Schlaf geraubt hat.Die Morde sind zwar ziemlich brutal geschildert, aber das hilft, sich in die

angespannte Situation des Kriminalisten-Teams um Kurt Wallander hineinzusetzen. Zu dem Druck, den (Serien-)Mörder zu fassen, kommen auch noch persönliche Probleme des zwar etwas rauhen aber doch sympathischen Kommissars. Besonders gut hat mir gefallen, wie Mankell es schafft, die verschiedenen Handlungsstränge logisch miteinander zu verknüpfen: Auch wenn man als Leser von Anfang an meint, die Geschichte durchschaut zu haben, ergeben sich durch die Kombinationsgabe der Polizisten Stück für Stück immer mehr Puzzleteile der brutalen und irritierenden Morde. Wer einen spannenden Krimi sucht ist mit *The Fifth Woman* sehr gut beraten! 2 von 2 Kunden fanden die folgende Rezension hilfreich. Erwartung wurde nicht enttäuscht! Von Ein Kunde Nachdem ich "Die Brandmauer" von Mankell gelesen hatte, konnte ich einfach nicht anders, als mir ein weiteres Buch von Mankell zuzulegen, in der Hoffnung, dass es ebenso spannend wie "Die Brandmauer" sein würde. Ich wurde nicht enttäuscht! Wiewohl Kriminalromane eigentlich nur bedingt mein Fall sind, war ich erneut gefesselt und hatte Probleme, Leseunterbrechungen einzulegen (die blichen Probleme mit dem Aufstehen in der Früh... wer kennt sie nicht wenn man inmitten eines guten Buches steckt!). Habe mir mittlerweile bereits das nächste Buch von Mankell bestellt und gehe stark davon aus, dass ich auch diesmal nicht enttäuscht werde. Absolut zu empfehlen!!! 2 von 2 Kunden fanden die folgende Rezension hilfreich. a great book by Henry Menkell Von Stefanie__Emader@hotmail.com My first Mankell-novell and it was great. His story contains excitement, a true love for facts concerning police work and a bit of social critics within his main character who has lost his wife and of course within the story. The whole book is written so fluently one can't stop reading.

Kurzbeschreibung Four nuns and a fifth woman are killed in a savage night-time attack in Africa. A year later, Inspector Kurt Wallander investigates the disappearance of an elderly birdwatcher and discovers a gruesome and meticulously planned murder - a body impaled in a trap of sharpened bamboo poles. Then, another man is reported missing. Once again Wallander's life is put on hold as he and his team work tirelessly to find a link between the series of vicious murders. Winner of the CWA Gold Dagger for *Sidetracked*. A series of men who seem to have nothing in common are brutally killed--one is impaled, another starved and then strangled. We know more than the police--we know that the killer is a woman and we gradually understand some of her motivation; her much wronged mother was murdered almost by chance in a North African country--but we don't know who she is, or, for a while at least, her motives and principles of selection of her victims. Inspector Wallander finds himself investigating the case--two missing person enquiries that turn into a murder hunt--and finds himself endlessly confused by red herrings and side issues; a set of leads concerning mercenaries in the Congo of the 1960s turn out to have little to do with the case and Wallander has to waste considerable time suppressing an attempt by the far Right to turn the murders into a reason to set up vigilante justice. *The Fifth Woman* is a stylish police procedural which lets us see not only the leg work of investigation but also the diligence which makes effective murder possible--the killer Wallander is trying to catch is at least as good at her job of murder as he is at his of prevention. --Roz Kaveney.co.uk A series of men who seem to have nothing in common are brutally killed--one is impaled, another starved and then strangled.
