Von Laura Harner : The Fighting Fire Collection: Pulp Friction 2014 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fighting Fire Collection: Pulp Friction 2014 (English Edition):

Kurzbeschreibung Twelve years ago, nothing could have prevented their relationship from imploding, but as each of their self-imposed barriers falls away, the battle lines shift, and Scott and Rob need each other as never before as they fight to make Mountain Shadows a home for their family. The boxed set is part of the Pulp Friction 2014 Collection, and includes the full versions of: Firestorm Controlled Burn Backburn Flare-up Radiant Burn Plus Kismet and Cartwheels -- a bonus book crossover from the guys at the Willow Springs Ranch The Pulp Friction 2014 Collection. Four authors. Four Series. Twenty books. One fiery finale. Spend a year with an eclectic group of strangers brought together through circumstances, as they are tested by life, and emerge as more than friends. Although each series can stand alone, we believe reading the books in the order they are released will increase your enjoyment. Firestorm: Torn apart a dozen years ago by an unlimited ability to cause each other pain, two men believe the relationship door is firmly closed, but when life brings them back together, Scott McGregor is still the irresistible force to Robby Hammonds' immovable object, and where there's smoke there's fire. Controlled Burn: Twelve years ago, it was the beginning of the end of their relationship when Robby was outed to his conservative parents by his lover, Scott. A lifetime later, a tragic accident has drawn Robby back into Scott's life, but time and experience have created a chasm as big as the Grand Canyon. One man is certain they can work things out the other knows why they can't. Only one of them can be right. \*\*Kismet and Cartwheels (Bonus book): Tanner Triplett is having a bad month. After two attempts on his life, he's helped put his father and brother behind bars, lost his beloved ranch, and oh yeah...stepped out of the closet in a big way. But it remains to be seen if he's in bigger danger from the men he's agreed to testify against, or the golden-haired, cosmic-quoting devil trying to kill him with soy-gurt: Park Williams. Backburn: This book is part of the Pulp Friction 2014 Collection. Life has given Robby and Scott a second chance. Just as one man discovers his truth the other realizes everything he's believed is a lie. One is certain they can work things out the other knows why they can't. Only one of them can be right. Flare-up: After a long separation, Robby is finally reunited with his kids, and on his way to introduce them to their new home and the man he loves. This time, he's going to make Scott see reason even if he has to fight dirty. Despite arranging a special day to make the kids feel welcome, Scott still intends to protect his heart. One man knows they will work things out the other is afraid they can't. Radiant Burn: Living with the man he loves and helping to raise his two children isn't something Scott McGregor can be sure he deserves at least not until he learns the truth behind the nightmares. For Rob Hammond, having his children home and Scott in his bed, he finally has the family he's always dreamed of. One man is certain things will work out the other is afraid they can't. Only one of them can be right.
