KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Another winner!Von Avid ReaderI received this book today, having had it on pre-order for a while, and it was just as good as I had hoped, from the author's previous work. Great worldbuilding, a spunky and original (but not perfect) protagonist,

complicated relationships, politics, war and intrigue. I am particularly happy that there will be a second volume about these interesting characters. Thanks for another great reading experience!

KurzbeschreibungA stand-alone epic fantasy set in the Brightmoon worldDrina just wants to hide away with her books, but as the daughter of two powerful mages and heir to the ruler of Bennamore, her wishes are rarely considered. Summoned to the capital, she is plunged into a maelstrom of politics and power struggles. The only compensation is Arran, the handsome bodyguard she grows to love.In her new role as a diplomat, she visits Bennamore's mysterious neighbours, the Blood Clans. There she discovers there are other, darker forms of magic in the world than the familiar spells of the mages. Driven onward by a living god, the Blood Clans' magic drags both their countries to the brink of war. Surrounded by enemies, Drina must find a way to tame the power of a god before everything she loves is destroyed.
