Beautiful!Von YunomiSeveral short stories, but not really short, others would sell this as separate novellas, with

beautiful pairings of beings and humans, or beings and other beings. None of them is rushed, none of them is conventional, some are a bit complicated, so you only understand the characters bit by bit as the stories progress. Even better than the novels of her beings in love-series, if you ask me. And this author definitely understands the art of cameos of her characters from other books/stories. They're never overdone, but you're always happy if you recognize one of the familiar characters in passing. Perfect read.

KurzbeschreibungBeing(s) in Love Stories Magical creatures known as beings emerged from hiding amid the destruction of the First World War. Since then theyve lived on the margins of the human world as misunderstood objects of fear and desire. Some are beautiful, others fearsome and powerful. Yet for all their magic and strength, they are as vulnerable as anyone when it comes to matters of the heart. A firebird in 1930s Paris is drawn to a writer with a haunted past. Upon returning from fighting in the Pacific, a jaguar shifter finds a third-gender human on his doorstep. Early rock n roll DJ Hyacinth the fairy shocks his listeners with his admiration for his quiet assistant. During the AIDS crisis, a gruff, leather-wearing troll dreams of a settled life with a mixed-species elf across the bar. An imp, who remembers only too well how cruel the world can be, tells himself hes content to stay behind the scenesif only his chaotic, impish magic would stop getting in the way. And a shy human tending his poisonous and carnivorous plants is convinced no one will ever want him, certainly not the handsome werewolf grieving for a lost mate. Human or being, all must overcome fear to reach for love.
