Von John Grisham : The Firm (25th Anniversary) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Firm (25th Anniversary):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Rip off ending.Von bongoStarts off pretty well but the more I read the worse it got. The ending was totally bogus. In the beginning I was wanting to know more about the characters. It could have been interesting. More depth of character. Didn't get it. The characters are one dimensional and get old quick. Like a novelized version of a not great movie.

Quick read though. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Very entertaining - Eye opener Von Proverb They say that if something seems to good to be true, it probably is. That is the best way to describe the storyline of this book. The book is action packed and is full of surprises and the ending is edge of your seat kind of suspense. Grisham is very detailed in his writing. I loved the different settings. Wonderful story and a wonderful writer. If you join a firm, make sure you know what you're getting into. 1 von 1 Kunden fanden die folgende Rezension hilfreich. THE Firm, a great introduction to John Grisham Von Ein Kunde As I started to read this book, I was caught up in the intricate tale of a young brilliant lawyer with a beautiful wife and a promising future; make his way up the socioeconomic ladder and establishing himself within his associates... then later to find that his entire future is in jeopardy. I highly recommend this book to anyone who has never read any of Grisham's books or has not the slightest interest in law or any matters related to it. This is a fantastic novel that I managed to stay up until 4 AM sometimes reading it because I could not put it down. As I said, this is a great way to be introduced into John Grisham's works. By far this is my favorite novel of his and of any other multitude of genre or author I have had the pleasure of reading. The Firm is also probably the most enjoyed and is revered as his finest work. This is true, pure Grisham at his best. This book I highly recommend.

Kurzbeschreibung When Mitchell McDeere qualified third in his class at Harvard, offers poured in from every law firm in America. Bendini, Lambert and Locke were a small, well-respected firm, but their offer exceeded Mitch's wildest expectations: a fantastic salary, a new home, and the keys to a brand new BMW. It was his dream job but it was to become his worst nightmare. Unravelling a complex trail of secret files, undercover surveillance, and millions of dollars of illegal mob money, Mitch stumbles across a shocking conspiracy and a horrifying truth: nobody has ever left Bendini, Lambert and Locke and anybody who has ever tried has ended up dead. deD.W. Moffett uses his youthful voice to outstanding effect in this excellent abridgment of Grisham's bestselling thriller about a Harvard Law grad aggressively recruited by a curiously obscure firm. "We're small and very selective... we screened over two thousand third-year law students at the best schools. Only one letter was sent." They've decided he's their man and to get him they offer top dollar, dangle a BMW, and woo his wife with offers impossible to refuse. But as the wide-eyed youngsters soon discover, there's a catch. Moffett gives an excellent performance, bringing the story to life with vibrant and believable characterizations and a smooth, knowing narrative. (Running time: 3 hours, 2 cassettes) -- George Laney.com Hard to believe, but there was a time when the word "lawyer" wasn't synonymous with "criminal," and the idea of a law firm controlled by the Mafia was an outlandish proposition. This intelligent, ensnaring story came out of nowhere--Oxford, Mississippi, where Grisham was a small-town lawyer--and quickly catapulted to the top of the bestseller list, with good reason. Mitch McDeere, the appealing hero, is a poor kid whose only assets are a first-class mind, a Harvard law degree, and a beautiful, loving wife. When a Memphis law firm makes him an offer he really can't refuse, he trades his old Nissan for a new BMW, his cramped apartment for a house in the best part of town, and puts in long hours finding tax shelters for Texans who'd rather pay a lawyer than the IRS. Nothing criminal about that. He'd be set for life, if only associates at the firm didn't have a funny habit of dying, and the FBI wasn't trying to get Mitch to turn his colleagues in. The tempo and pacing are brilliant, the thrills keep coming, and the finish has a wonderful ironic flourish. It's not hard to see why Grisham changed the genre permanently with this one, and few of his colleagues in a very crowded field come close to equaling him. --Jane Adams
