KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This book deserves its own movie!!Von tekk123555This book was a real pleasure to read. If I was supposed to compare it I

would say it is a story like "A river runs through it" but more like a "Forrest Gump" type of story with lots of plot twists and a lot of very well told fly fishing tales. I do recommend this book not only for fly fishers but for everybody because it is simply a lovely story that everybody who likes to think about life, nature and philosophical topics will enjoy! I will read the authors other books soon hopefully, thanks Mr. Kadish!

Making peace with the world, sooner or later most of us have to. But how? For Ian Mac Bride, his way begins almost accidentally when, in 1909, he watches a fly-casting tournament in New York's Central Park, and begins to dream of becoming a great fly caster. But soon Ian experiences personal tragedy, and then is appalled by the unexpected slaughter of World War I. He retreats into the world of fly fishing and fly casting, and meets unforgettable anglers like: Doc, a Civil War veteran, who tells how, after he enlisted in return for drinking money, he was unexpectedly changed by the horror of war; Izzy, a mysterious immigrant, who, in his way, teaches Ian perhaps the most important lesson of long-distance fly casting; and George M. L. La Branche who, though torn by self-doubt, writes the book that revolutionizes fly fishing. And so, these anglers help change Ian's hopes and values. Though his father questions his courage, Ian decides to become a teacher instead of a lawyer, and moves near the beautiful Beaverkill River, the birthplace of fly fishing in America. But tragedy still follows him. Torn by grief, he curses the world and loses faith in it - until, almost by accident, he finds a way to come to terms. How? The answer will surprise you. A maverick and memorable book - I really enjoyed it. - Nick Lyons, author, Full Cree I simply enjoyed the heck out of it." - Eric Peper, coauthor, Fly Fishing The Beaverkill "An unforgettable cast of characters." - Jim Witty, Bend Bulletin "The novel is well-written, I thoroughly enjoyed reading it and highly recommend it whether you're a fly fisher or not." - John Pitarresi, Utica Observer-Dispatch An engaging tale of a young man coming of age." - Lee Murdock, Fly Fish Magazine.
