**Von Edgar Wallace : The Flying Squad (Illustrated) (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Flying Squad (Illustrated) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. fr Krimi-Nostalgiker... Von B. Ackermann-Sprenger Atmosphärisch kompakter Krimi in typischer Wallace-Art, spielt in den 1920er Jahren, wo elektrischer Strom und Telefon noch sensationell waren. Die Beschreibung der Charaktere und des grusligen Londoner Umfeldes macht mehr Spa als der Plot, der sich natürlich viel langsamer entwickelt als wir das aus heutigen Krimis gewohnt sind. Aber das macht die Lektüre gerade so entspannend und nett.

Kurzbeschreibung Lady's Stairs was a crazy wooden house overlooking and overhanging the creek between canal and river. You saw it from the lock that marked the place where canal ended and the broad, muddy estuary began, a sagging barn of a place, supported on huge wooden piles, with a dingy facade which had once been painted white, and

then not painted again. It was streaked and blurred by nature to strange neutral shades that would have rendered it invisible but for the fact that it was wedged between a high warehouse on the one side and the barrelroof of an ironworks on the other...KurzbeschreibungLady's Stairs was a crazy wooden house overlooking and overhanging the creek between canal and river. Edgar Wallace established his reputation as a writer of detective thrillers, a genre in which he wrote more than 170 books, with the publication of *The Four Just Men*. *The Flying Squad* begins: Lady's stairs was a crazy wooden house overlooking and overhanging the creek between canal and river. You saw it from the lock that marked the place where canal ended and the broad, muddy estuary began, a sagging barn of a place, supported on huge wooden piles, with a dingy facade which had once been painted white and then not painted again. It was streaked and blurred by nature into strange neutral shades that would have rendered it invisible but for the fact that it was wedged between a high warehouse on the one side and the barrel roof of an ironworks on the other. Beneath the main rooms the creek ran, rising to within a few feet of Eli Josef's sitting room in flood time. See other titles by this author available from Kessinger Publishing.
